Digital Subscriptions Now Available!

Starting Fall 2019, all Supplemental & Intervention Digital Solutions will be offered as yearly subscriptions.

Benefits of subscription:

- Ongoing software updates without an increase in cost or the need for re-installation
- Yearly pricing options to meet your budget and implementation model
- More flexibility in managing and updating student licenses
- Ongoing and proactive communication on utilization of licenses, including reports to show both student gains and instructional gaps
- Free license subscriptions for teachers when student licenses are purchased

Results-Driven Professional Learning

HMH's extensive professional learning services ensure program implementation fidelity, build teachers' content knowledge, and provide strategies to improve instruction and enhance program effectiveness.

Using a blended approach, our comprehensive in-person and online professional learning creates an experience that is **flexible**, **collaborative**, **sustainable**, and **personalized** to your needs.

Initial Implementation Support

GETTING STARTED

To hit the ground running . . .

You'll start with initial implementation support that includes our *Getting Started* Course, a Professional Learning Guide to use in your first year of implementation, and embedded professional learning—like videos, teacher tips, and more—within your platform.

FOLLOW-UP

To hone skills and deepen mastery . . .

In the first and second year of implementation, our Follow-Up sessions provide additional guidance to deepen mastery, hone teaching skills, and build confidence when teaching the program.

Sustain the Impact and Enhance Your Practice

COACHING

HMH coaches help you get the most out of your program. Every coaching session is personalized to your needs and focused on your goals, such as how to develop procedural fluency through conceptual understanding and instill a growth mindset in every learner.

- **Analyze** student data and **set** your goals.
- **Learn** new instructional practices.
- **Apply** your learning in the classroom.
- **Review** your progress and reflect on your practice.

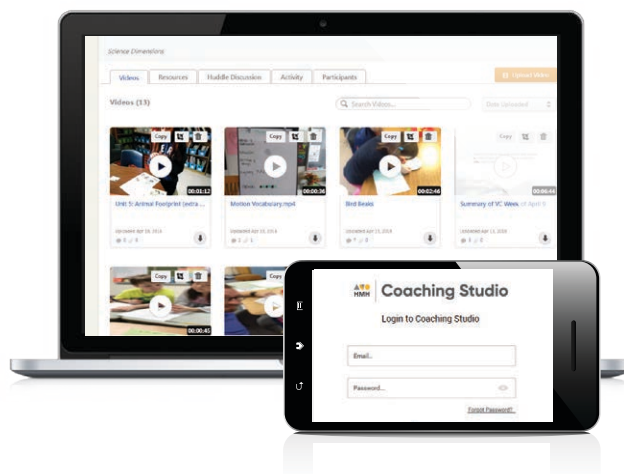

Work with an HMH Coach inperson or online and stay connected through Coaching Studio.

- Upload videos and classroom artifacts.
- Focus on the goals you've set with your coach.
- Collaborate with your colleagues.
- Reflect on feedback.
- Share best practices.

Coaching Studio

PRE K

AT A GLANCE

Big Day for PreK is a comprehensive program that supports a full-year prekindergarten curriculum.

INSTRUCTIONAL FOCUS

Big Day for PreK is organized into 8 engaging and child-friendly themes that broaden as year progresses.

PROFESSIONAL LEARNING

Detailed researched-based guidance on modifying instruction for diverse learners, classroom management, engaging families, and assessment.

BIG DAY FOR PRE K

Make Learning Bigger

Big Day for PreK[®] is a comprehensive program that supports a full-year prekindergarten curriculum. It embraces children's natural curiosity and builds the foundation for success in school and life.

Program Overview

Big Day for PreK's approach to learning is grounded in cognitive research and builds on young children's knowledge of and curiosity

about the world around them. The comprehensive curriculum is designed to ensure that children acquire new knowledge, skills, and understanding each day through hands-on experience, purposeful play, and teacher-led instruction.

5 BIG elements of success in *Big Day for PreK*:

- Big experiences launch learning in every lesson
- Meaningful conversations build oral language and vocabulary
- A wide variety of the best children's literature and informational texts gives children access to books at school and at home
- Innovative technology engages children, teachers, and families
- A comprehensive curriculum offers daily writing, daily math, and extended play activities

For more information and an online preview, visit
hnhco.com/bigdayforprek

Teacher Resources

Big Day for PreK provides everything educators need to create and manage a purposeful and fun early learning environment. Lesson plans and materials are flexible and meet the needs of all pre-K half- and full-day programs. Formal and informal assessment tools give teachers the flexibility to observe and monitor children's progress.

* Spanish titles are included in the English-Spanish Edition.

Student Resources

Big Day for PreK surrounds the youngest readers with books that will foster a lifelong love of reading. Books are used throughout the program to introduce new vocabulary, springboard content-area learning, build reading enjoyment, and promote conversations.

AT A GLANCE

Data-driven and research-based, *iRead*'s unique method proves its efficacy year after year.

INSTRUCTIONAL FOCUS

iRead catapults children into an exciting, motivating, interactive learning environment.

PROFESSIONAL LEARNING

Designed with a comprehensive system of professional development.

SUPPORTS

Prevention-Intervention-Acceleration Supports

iREAD

Empowering Reading Proficiency by Grade 3

iRead® harnesses the power of an "I can" attitude to create proficient, excited readers by Grade 3. Leveraging the motivating power of success, *iRead*'s adaptive technology adjusts instruction to meet children where they are and provides explicit instruction and guided practice to build mastery.

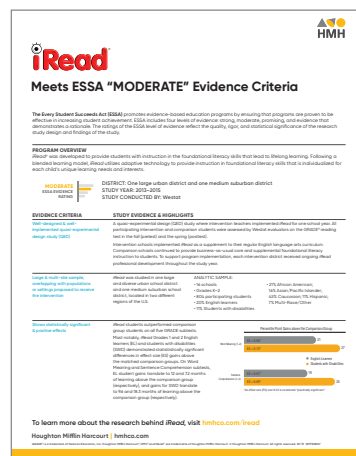

Program Overview

Backed by years of proven research and reliable data, *iRead*'s process of placement, instruction, and assessment guarantees a path to success for every child.

Proven to Work

Founded on years of research demonstrating that foundational reading skills and access to dynamic and engaging technology are critical to lifelong success of students, *iRead*'s innovative technology offers teachers and students an effective, research-driven path to literacy.

For more information and an online preview, visit
hmhco.com/iRead

Teacher Resources

iRead provides teachers with a robust set of print and digital tools to simplify instruction and increase the effectiveness of any core reading program. *iRead* equips teachers with everything they need to differentiate instruction and prepare all children for reading proficiency.

Access 3 years of foundational reading content including interactive whiteboard lessons, instructional songs, videos, and pronunciation tips.

From their dashboards, teachers access the most important implementation and performance data to drive instruction.

The *iRead* Professional Guide provides teachers with detailed instruction routines and practical ideas for their classroom.

Student Software

Welcome to Beastie Hall, a virtual school that capitalizes on children's enthusiasm for school by building a love for reading. Children progress at their own rate through a continuous set of 310 topics from K-2, providing multiple opportunities to practice and master foundational reading skills.

The student app meets students where they are and helps them achieve their academic goals.

The software is powered by the FAAST algorithm, enabling children to master foundational reading. The adaptive technology continuously monitors performance and customizes pacing, instructional load, and content for each child.

Children celebrate their success with a read-aloud or independent reading of a Success eBook, where they transfer the foundational reading skills they have learned.

AT A GLANCE

With *HMH Into Reading*, students will become strong readers and build a foundation for developing and expressing their voice. They will write, speak, and shape their futures as lifelong learners.

INSTRUCTIONAL FOCUS

A flexible and balanced approach with a focus on small-group instruction.

PROFESSIONAL LEARNING

In-person, online, and on-demand courses, plus an exclusive Coaching Studio, which all contributed to a "Strong" ESSA rating.

SUPPORTS

Full differentiation from remediation to extension, including English learners.

ADDITIONAL RESOURCES

See the *Ji/IE* library on page 138 for more resources.

HMH INTO READING

Grow Readers, Writers, and Lifelong Learners

HMH Into Reading™ is differentiated by design to honor the needs of teachers and provide students with a rich, integrated, and measured path to growth in reading, writing, and communication.

Program Overview

By using authentic literature, truly meaningful data, and a flexible design anchored in small-group sessions,

HMH Into Reading is intentionally designed to help teachers respond efficiently and effectively to each student's needs. We seamlessly integrate the teaching of reading, writing, listening, speaking, language development, and phonics and word study while focusing on social-emotional learning to foster a learning mindset—and build confidence and perseverance.

Develop Collaborate, Self-Directed Learners

HMH Into Reading's Workshop Model of instruction promotes the transfer of responsibility from teacher to student. Students take ownership of their learning by developing a strong learning mindset, setting their own goals, and monitoring their own learning progress.

Support children in building a strong foundation for literacy as they engage in activities that develop phonological awareness, phonics skills, spelling, handwriting, recognition of high-frequency sight words, and fluency.

For more information and an online preview, visit
hmhco.com/intoreading

With *HMH Into Reading*, Teach Your Students Your Way

HMH Into Reading allows you to nurture children on their path as critical readers and writers by providing you with the flexibility to easily customize instruction to meet the unique needs of your classroom.

From the convenience of searching for instructional content by standard, topic, or genre, to generating actionable reports that ease planning and grouping, *HMH Into Reading* gives you back your most valuable resource—instructional time with your students.

Tabletop minilessons give you the chance to work one on one with students to target instruction.

Teaching support includes point-of-use, teacher-directed instructional questions and prompts to deeply analyze and think critically about the text in their *myBook*.

A Love of Reading Becomes a Love of Writing

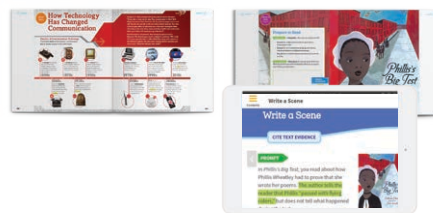

Authentic literature students read directly inspires their writing, while the just-right Rigby® Readers meet students exactly where they are. Embedded, point-of-use strategies for support and differentiation provide a fully equitable experience for all learners.

Give Student the Right Books and Watch Them Grow

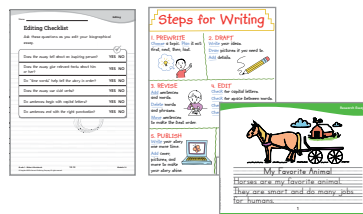

Known for a carefully controlled continuum of texts, the Rigby Leveled Library spans a range of levels and genres, allowing you to truly match each student to engaging text based on level, skill, and topic.

Authentic Text

The student edition *myBook* encourages write-in text interactions such as note-taking, annotating, and responding.

Advance Student Writing

Advance children's writing independence with interactive writing and process-based lessons that build on their developing skills.

GRADES
K-6

AT A GLANCE

¡Arriba la Lectura! is HMH's newest comprehensive K-6 Spanish literacy program, with a focus on high achievement, academic biliteracy, and cultural awareness.

INSTRUCTIONAL FOCUS

A comprehensive K-6 Spanish literacy program to accelerate biliteracy development.

PROFESSIONAL LEARNING

In-Person Getting Started Courses, Online Getting Started Modules, and Classroom Program Guides will help you see all that *¡Arriba la Lectura!* has to offer you and your students.

SUPPORTS

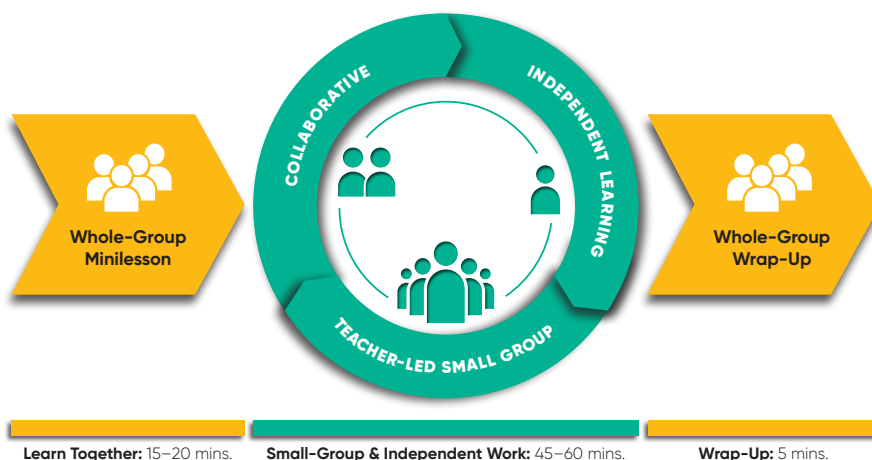

On-Level, Extra Support, and Advanced differentiation opportunities.

¡ARRIBA LA LECTURA!

A Vision for Biliteracy

Program Overview

HMH ¡Arriba la Lectura![™] is a Spanish Reading and Writing Workshop program built for biliteracy and dual language settings. It is fully equitable to *HMH Into Reading* and includes Plus+ features only for *¡Arriba la Lectura!* that give comprehensive support to dual language teachers and students.

With *¡Arriba la Lectura!*

A Treasury of Literature and Cultures

Multi-genre text sets in *¡Arriba la Lectura!* contain culturally relevant Hispanic literature and the highest-quality transadaptations, reviewed and approved by Alma Flor Ada and F. Isabel Campoy.

Alma Flor Ada, PhD

F. Isabel Campoy

With ¡Arriba la Lectura!

Spanish Foundational Skills: The Differences Are Key

Program Scope and Sequences and lessons reflect the way students learn to read and write in Spanish. Vowels are taught before consonants and the lessons reflect the critical role of syllables in Spanish foundational skills instruction.

All NEW K-2 decodable texts were developed to follow the ¡Arriba la Lectura! Foundational Skills Scope and Sequence and feature weekly connected stories with beautiful illustrations.

Everyone get up and move and sing along with the Alfamigos®! Children will want to listen again and again as they learn the Spanish alphabet and corresponding sounds

Syllable and Spelling Cards are especially tailored for Spanish instruction for Grades K-2 and focus on syllables rather than single letters.

A Biliteracy Solution That Works for You and Your Students

No matter your model, the Dual Language Implementation Guide is your roadmap for using ¡Arriba la Lectura! and Into Reading in biliteracy and dual language settings. Within each grade-level guide you'll find supporting tools, resources, and lessons, including weekly planners, all guided by experts in the field and synthesized by program author Elena Izquierdo.

Elena Izquierdo, PhD
 University of Texas,
 El Paso

Spanish Academic Language Development

Extensión lingüística enriches the small-group experiences of dual language learners. The daily lessons are a time to build Spanish academic language across the reading, writing, speaking, and listening strands.

Authentic Hispanic Literature

Across all grades, students interact with the 100% authentic Hispanic literature in **Revista Aventuras** to study Spanish academic language and develop an appreciation of language and culture.

GRADES

K-6

AT A GLANCE

Proven Results

Journeys' students made significant gains across multiple studies, including an independent Gold Standard study.

INSTRUCTIONAL FOCUS

Journeys is a proven comprehensive K-6 English Language Arts program.

PROFESSIONAL LEARNING

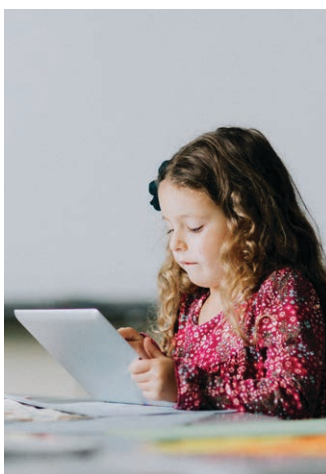

Current and timely ongoing **professional development** to help with best practices and instructional strands, all available on demand.

SUPPORTS

On-level, extra support, advanced, and EL differentiation opportunities.

JOURNEYS

Every Reader Empowered. Inspired. Confident.

Program Overview

Journeys is a K-6, comprehensive, research-based English Language Arts program. Students are empowered by skill mastery; inspired by authentic, award-winning text; and are confident—confident in their problem-solving and critical-thinking skills, confident in their ability to analyze complex text, and confident that they are building the skills they need for college and careers.

Journeys uses authentic, award-winning texts written by favorite authors to engage students and teach them to read.

Students want to read and reread the authentic texts within the student book, Big Books (K-1), Read Alouds (K), and Extended Reading Trade Books (1-6).

For more information and an online preview, visit
hmhco.com/journeys

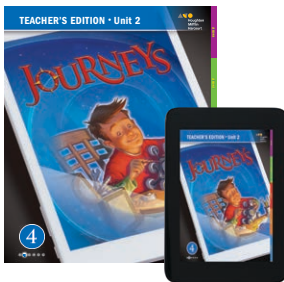

Teacher Resources

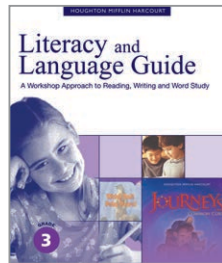

Build reading confidence with explicit modeling, guided practice, and application using the *Journeys* teacher resources for whole-group and small-group differentiated instruction, including English learner support and intervention.

Leveled Reader Teacher Guides were written under the guidance of Special Consultant Irene Fountas.

Teacher Edition, 6-volume set, or Teacher ebook provides point-of-use instruction.

Literacy and Language Guide supports balanced literacy teachers in using *Journeys* resources.

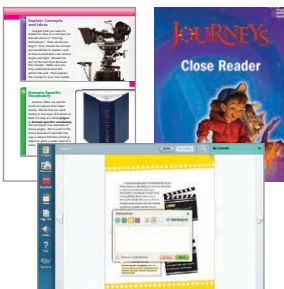

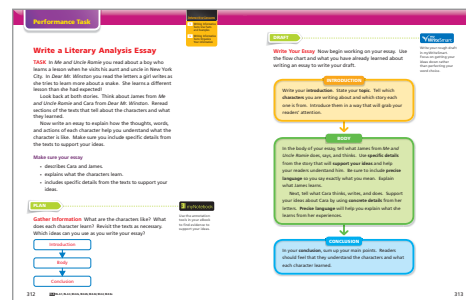

ThinkCentral's Dashboard organizes all teacher digital resources, plans, and student performance data along with timely professional development in one place.

Student Resources

Create confident writers

Journeys includes a full range of writing instruction for genre writing, writing to sources, and writing required for success on high-stakes assessments.

Close Reading

Dig Deeper to analyze the text and point-of-use Student eBook annotation features help deepen comprehension.

Practice and Apply

Motivate students with engaging decodable readers and Vocabulary in Context cards.

GRADES
K-6

AT A GLANCE

Senderos is a comprehensive, research-based Spanish program for Grades K-6.

INSTRUCTIONAL FOCUS

Senderos is a proven comprehensive K-6 Spanish and Language Arts program.

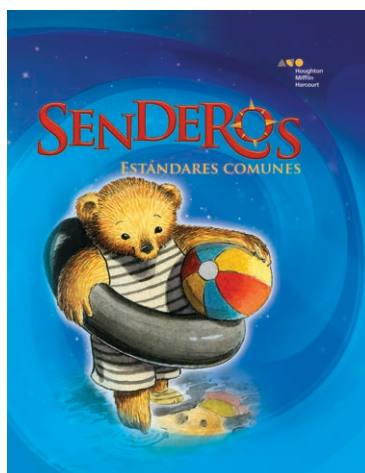

PROFESSIONAL LEARNING

Current and timely ongoing **professional development** helps with best practices and instructional strands.

SUPPORTS

Dual-language and bilingual classrooms with on-level, struggling, and advanced differentiation.

SENDEROS ESTÁNDARES COMUNES

Program Overview

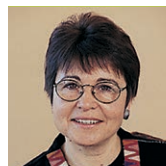

Senderos: Programa de estándares comunes for Grades K-6 is a Spanish reading and Language Arts program that has been specifically designed for use in dual-language and bilingual instructional programs to enable Spanish-speaking students to master the Common Core State Standards.

Teach with Confidence

Senderos Estándares Comunes is a research-based program developed by expert authors and backed by proven results.

Alma Flor Ada
Professor Emerita
University of San Francisco
San Francisco, California

F. Isabel Campoy
Director of Transformative
Education Institute
Lucas Valley, California

Culturally rich, high-quality literature provides students the opportunity for text analysis.

Teacher Resources

Build reading confidence with explicit modeling, guided practice, and application using the *Senderos* teacher resources for whole-group and small-group differentiated instruction and intervention specifically designed for use in dual-language and bilingual classrooms.

The tabbed Teacher's Edition and interactive Focus Wall organize instruction for easy access and planning.

Leveled Readers and eight-page Teacher's Guides provide Guided Reading resources for differentiation.

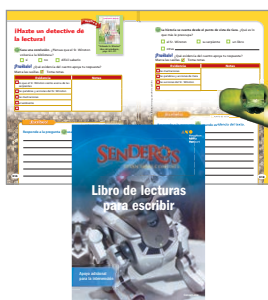

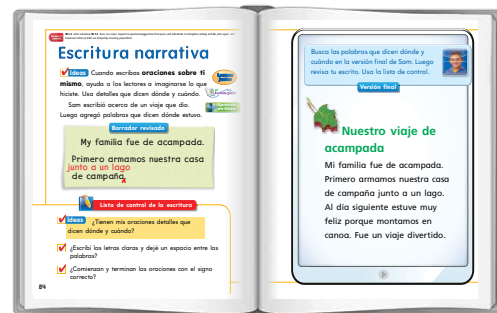

Drag-and-drop interactive whiteboard lessons and lesson plans simplify teaching and planning tools.

Student Resources

Create confident writers

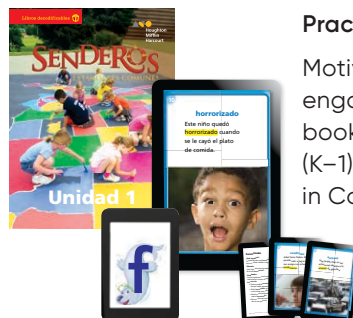

Whether it is teaching the writing process or writing to sources, *Senderos Estándares Comunes* provides a comprehensive writing program.

Close Reading

Strong Focus on Text Evidence

Weekly Reading Detective features provide step-by-step scaffolding to ensure all students analyze and cite text evidence within the Anchor Text.

Practice and Apply

Motivate students with engaging decodable books (K–2), *Alfamigos®* (K–1), and Vocabulary in Context cards.

GRADES

K-6

AT A GLANCE

Journeys Literacy Workshop for grades K-6 offers everything needed for a balanced approach.

INSTRUCTIONAL FOCUS

Journeys Literacy Workshop offers a balanced instructional approach.

PROFESSIONAL LEARNING

Current and timely ongoing **professional development** to help with best practices and instructional strands.

SUPPORTS

Supports differentiated instruction.

HMH JOURNEYS LITERACY WORKSHOP

The balanced approach of *Journeys Literacy Workshop* gives you the freedom and flexibility to teach to the needs of your students.

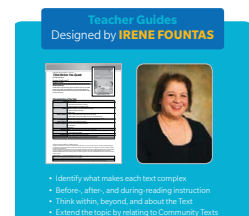

Program Overview

Chart your own course. Choose from hundreds of texts for an exact fit for each student. The balanced approach incorporates everything you need for Reading, Writing and Word Study Workshop instruction, including genre study support and resources for independent reading.

Guided Reading

Let **Irene Fountas** help you navigate Reading Workshop. In small groups you can meet students where they are and provide the most effective instruction.

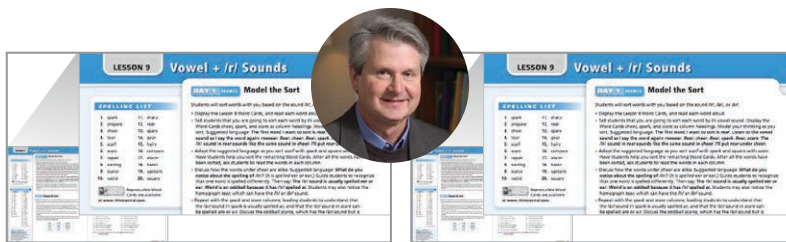

Teacher Resources

Let **Irene Fountas** and **Shane Templeton** help you navigate Reading, Writing, and Word Study Workshop instruction. The *Language and Literacy Guide* contains daily mini-lessons and activities for all your balanced Literacy Workshop instruction.

Journeys Teacher's Edition offers additional instruction.

Word Study Workshop

Explore a world of new words through engaging daily word study with spelling/phonics and vocabulary instruction and activities.

Writing Workshop

Mini-lessons follow the Gradual Release model of I do, We do, You do.

Student Resources

Students are bound to find stories and topics that inspire them from a mix of literary and informational texts.

Trade Books and Multimedia Resources

Perfect for independent and shared reading.

Rigby® and Steck-Vaughn® Leveled Readers

myWriteSmart

myWriteSmart is an online workspace. Students can write, revise, edit, and collaborate with peers.

GRADES

K-5

AT A GLANCE

Literacy by Design® was built on a solid foundation supported by research in the five pillars of reading instruction set forth by the National Reading Panel.

INSTRUCTIONAL FOCUS

Literacy by Design is a comprehensive K-5 print and online balanced literacy program.

PROFESSIONAL LEARNING

Online implementation website with teacher tips, classroom videos, and links on demand.

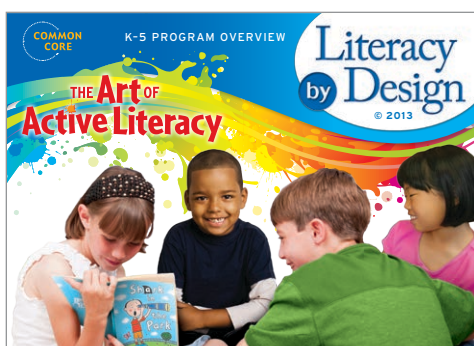

SUPPORTS

On-level, extra support, advanced, and EL differentiation opportunities.

LITERACY BY DESIGN

A Comprehensive Balanced Literacy Program

Literacy by Design's unique, easy-to-manage program structure supports whole-group, on-level learning that directly connects to differentiated small-group strategic instruction.

Program Overview

Everything you need for the way you teach:

- An integrated reading and writing program
- An updated Writing Workshop to accompany a proven reading workshop
- Literacy skills linked to standards-based science and social studies content
- Concise, consistent, and connected instruction across whole-class, small-group, partner, and independent reading
- Whole-class instruction in grade-level skills plus targeted, differentiated instruction in small group meets students at different developmental levels.

Precisely Leveled Texts

Incremental leveling progression ensures your students have the right amount of support and challenge.

Teacher Resources

Literacy by Design applies the Gradual Release of Responsibility model, the most effective way to help students progress to successful, independent learning. A simple five-step, daily lesson plan guides students through whole-class instruction with supportive links to differentiated instruction in small groups.

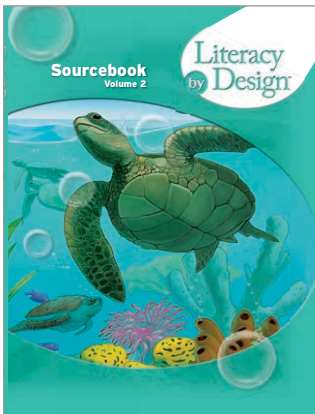

Complete packages for whole-class and small-group instruction.

Bridges provide a unique link to take a single strategy or skill across whole class and small group, including embedded differentiation and assessment.

Online planning with point-of-use access to view, schedule, and assign student materials.

Student Resources

Sourcebooks offer theme-centered content shared across reading and writing lessons.

Foundational Skills

Developmental Phonics Activities

Research-based scope and sequence progresses from phonemic awareness and phonics to word study.

Digital Bookshelves—Engaging eBooks

Student eBooks include audio, sticky notes, and text highlighting.

AT A GLANCE

A suite of online tools to organize and connect writing instruction to a cycle of authentic feedback and revision.

INSTRUCTIONAL FOCUS

English Language Arts: Writing

PROFESSIONAL LEARNING

Getting Started with *Writable*

SUPPORTS

Any core ELA program

WRITABLE

Great Writers Grow Here

Flexible, customizable digital tools to support students throughout the writing process and help teachers monitor and track writing growth

Program Overview

With its suite of robust tools, *Writable*® delivers assessments, assignments, and grading supports that free up time, so you can focus on guiding students on their journey to become skilled writers.

Develop Confident Writers

Develop independence and confidence through scaffolded feedback tools such as RevisionAid and Turnitin®.

Authentic Feedback

As students engage in the feedback process, writing and confidence improve.

For more information and an online preview, visit
hmhco.com/writable

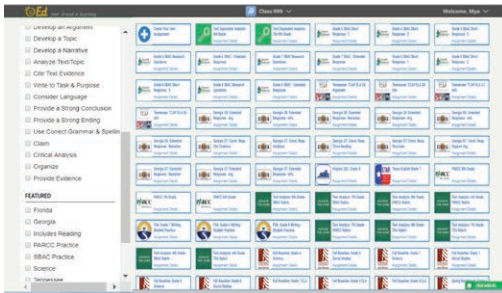

Feedback That Fuels Success

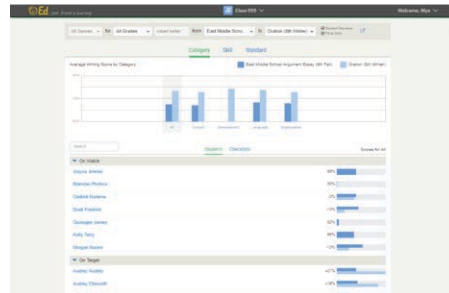

The power to easily customize and connect writing instruction to a cycle of authentic feedback and revision with user-friendly, goal-referenced rubrics and comment stems that offer transparent, actionable, and consistent feedback

Smart, automated, on-demand writing scoring increases and improves student outcomes.

Embedded, customizable, state-specific assessments fit seamlessly in your teaching plans.

Measure and document writing growth for students, teachers, and school and district administrators.

Streamline Your ELA Instruction

Integrates seamlessly with HMH ELA programs to give educators award-winning mentor texts, along with prompts, rubrics, and comment stems that reinforce the writing process during every lesson.

Integrate Close Reading and Analytical Writing

Literature, writing fields, scaffolding, feedback, and evaluation within a single screen

Point-of-Use Reading and Writing Tools

Interactive graphic organizers where and when students need them

AT A GLANCE

Unlock whole-brain reading through blended learning intervention.

INSTRUCTIONAL FOCUS

Leading intervention blended learning solution.

PROFESSIONAL LEARNING

Designed with a comprehensive system of professional development.

SUPPORTS

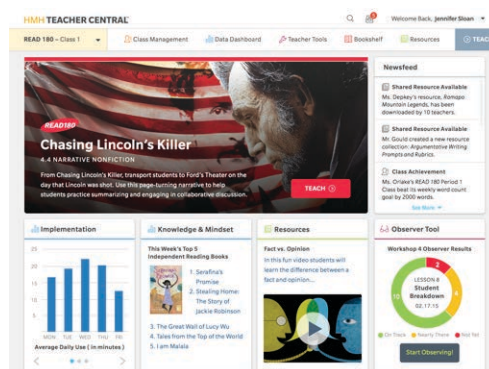

Striving readers who are two or more years behind grade level.

READ 180 UNIVERSAL

Build Better, Stronger, Faster Reading Brains

In over 40,000 classrooms across the United States, **READ 180** reaches over one million students every single day.

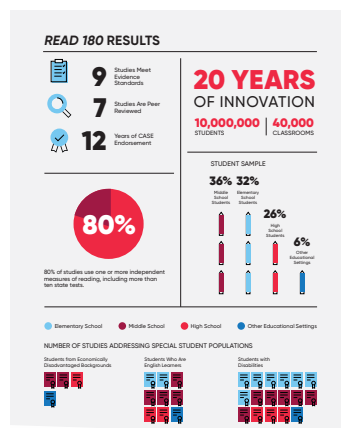

Program Overview

As the leading blended learning solution, **READ 180**® helps students who are two or more years behind become active, accomplished readers. By bringing teachers, families, & adaptive technology together, it sets students on their unique paths to reading success.

Proven to Work

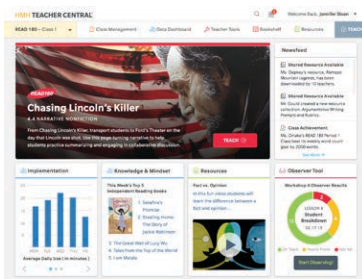

READ 180 is the most thoroughly researched reading intervention program and has been shown to improve performance on state tests, reduce dropout rates, and accelerate reading achievement.

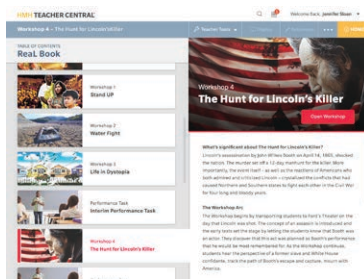

Teacher Resources

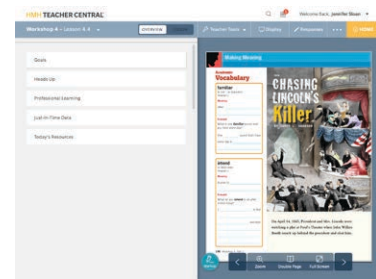

READ 180 provides teachers with everything they need to facilitate effective instruction. The Data Dashboard shows real-time progress metrics that allow teachers to quickly monitor student performance and adjust instruction. A comprehensive ecosystem of support provides fully digital, interactive support to ensure confidence.

Develop a holistic picture of student, class, and district performance

The *Blended Learning Handbook* is a teacher's go-to guide for managing his or her blended learning classroom.

Point-of-use professional learning is personalized for every lesson.

Student Resources

READ 180 Universal allows students to take ownership of their learning and track their progress toward mastery. Systematic instruction and proactive, whole-group, small-group, and individual learning combine to maximize instructional time.

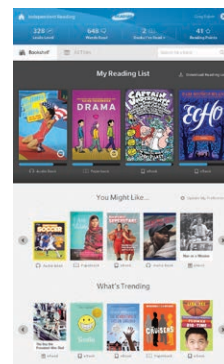

The Real Book

Each 4–6 weeklong workshop is carefully sequenced to lead students to read grade-level texts with support.

The student app meets students where they are and helps them achieve their academic goals.

Independent Reading Library

Students are able to choose engaging content delivered at the appropriate level.

GRADES
3–12

AT A GLANCE

System 44 is designed to support older struggling readers by helping them master the foundations of reading so they can tackle more complex skills for college and career readiness.

INSTRUCTIONAL FOCUS

System 44 is designed to support older struggling readers by helping them master the foundations of reading so they can tackle more complex skills for college and career readiness.

PROFESSIONAL LEARNING

Through in-person and online professional learning services, teachers can deepen their understanding of how to effectively implement the rich classroom and digital tools in *System 44* with a focus on planning, monitoring progress, digital instruction, and differentiation.

SUPPORTS

Students who are significantly behind or have learning challenges.

SYSTEM 44

Turn Lives Around with Foundational Reading

System 44® delivers just-in-time intensive intervention and a supportive learning environment that the most challenged readers urgently need.

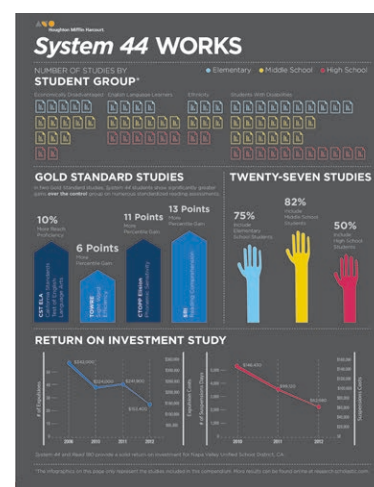

Program Overview

System 44 is a foundational reading program designed for the most challenged readers in Grades 3–12. The program is proven to help students master the foundational reading skills required

for success with the new standards, college, and career through explicit instruction in phonics, comprehension, and writing, using a personalized learning progression driven by technology.

Endorsed by the Council of Administrators of Special Education (CASE) as an effective reading intervention program, *System 44* is improving the learning trajectory of more than 1,000,000 students each day.

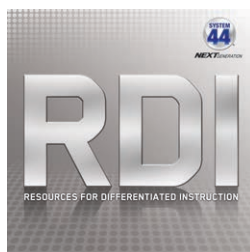

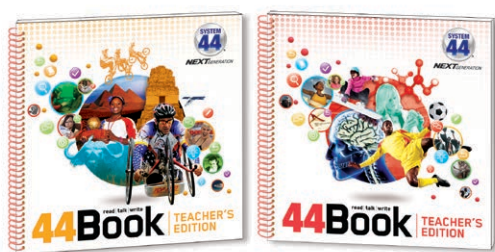

For more information and an online preview, visit
hmhco.com/system44

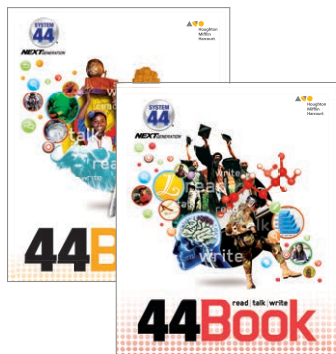

Teacher Resources

- Teacher Bookshelf includes *44 Book* Teacher's Edition, Screening, Assessment and Reporting Guide, Classroom Posters, Resources for Differentiated Instruction, and more.
- Teacher Technology License provides access to instant student performance data through the Digital Teacher Dashboard and digital teaching resources in the Interactive Teaching System (ITS).

Student Resources

- *44 Book* Student Edition (consumable) and Decodable Digest for fluency practice
- Independent Reading Library including paperbacks, audiobooks, and eReads
- Word-Building Board and Letter Tiles
- Instructional software including five learning strands

K-12

AT A GLANCE

Reading Inventory is a proven universal screener and growth-monitoring assessment that measures reading growth on the Lexile® Framework for Reading.

INSTRUCTIONAL FOCUS

Reading Inventory allows educators to monitor progress, differentiate instruction, and make meaningful interventions.

PROFESSIONAL LEARNING

Gain a deeper understanding of how to interpret reports, identify and group students who need intervention, and identify foundational skills that students need to rebuild.

READING INVENTORY

Measure with Confidence

Designed specifically to help educators get a pulse on performance, target instruction, and prepare all students for academic success, *Reading Inventory*® takes the guesswork out of paving a path of literacy success for every learner.

Program Overview

Reading Inventory is a computer-adaptive reading assessment that provides immediate, actionable data on students' reading levels and growth over time. *Reading Inventory* is administered in

30 minutes, 3–5 times per year, and helps educators forecast students' trajectories to grade-level proficiency and college and career readiness in a low-pressure environment.

Reading Inventory measures students' reading growth from kindergarten to Grade 12 with two powerful subtests. Together the two subtests track students' growth from the acquisition of foundational reading skills to the development of the advanced reading comprehension skills that are necessary for understanding the complex texts that are required to be college and career ready.

At the school and district levels, *Reading Inventory* results help administrators monitor students' reading growth and gauge the effectiveness of reading programs. In the classroom, these results allow teachers to monitor reading progress, differentiate instruction, make meaningful interventions, establish goals, and match students to complex tests.

The Reading Comprehension Assessment is used to assess and monitor students' growth in reading comprehension. Results indicate students' reading levels on the Lexile Framework.

AT A GLANCE

Phonics Inventory is a scalable tool for quickly assessing foundational reading skills.

INSTRUCTIONAL FOCUS

Phonics Inventory helps educators make accurate placement into appropriate reading intervention programs and support groups.

PROFESSIONAL LEARNING

Gain a deeper understanding of how to interpret reports, identify and group students who need intervention, and identify foundational skills that students need to rebuild.

PHONICS INVENTORY

Measure with Confidence

Phonics Inventory® is a validated screener and placement test for the most challenged readers. *Phonics Inventory* provides highly specific placement recommendations into the scope and sequence of a word-level reading intervention.

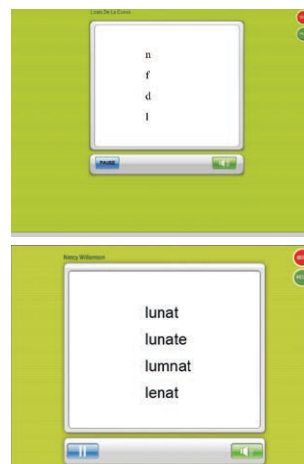

Program Overview

An accurate, easy-to-administer assessment, *Phonics Inventory* helps educators determine which students are in need of the most intensive, foundational level of intervention and which students would be better served by an

intervention program focused on comprehension and fluency.

Phonics Inventory is a foundational reading assessment that measures fluency of the phonological decoding and sight word reading of older, struggling readers. Administered in fewer than 10 minutes, the computer-based assessment provides a data-driven reading profile to support an appropriate reading intervention placement.

Phonics Inventory generates reports and related resources designed to provide relevant data to teachers and administrators and facilitate communication of test results with students, parents, and school leaders.

Phonics Inventory reports detail student test performance. Educators may access performance data for an individual student, a group of students, or an entire class. Administrators may access this data, as well aggregated data for a school or district.

[illegible][illegible]

Designed to be administered 3 times a year to students who are performing in the 25th percentile or below in their reading skills. Students start with a warm-up test to prepare them for the test interface. They then move into three separate test sections: the Letter Recognition test, the Sight-Word Recognition test, and finally the Non-Word Decoding test.

AT A GLANCE

The Five Literacy Skills
Tier 2 Secondary Students
Need to Succeed

INSTRUCTIONAL FOCUS

Selections are scaffolded with before-, during-, and after-reading activities designed to boost comprehension, fluency, vocabulary, language, and writing skills.

PROFESSIONAL LEARNING

In-person training and support as well as an online professional learning session.

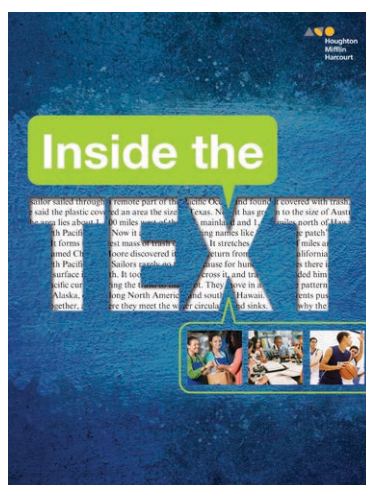

SUPPORTS

Quarterly performance assessments and a variety of writing exercises.

INSIDE THE TEXT

Confidence through Comprehension

Inside the Text is a tightly constructed sequential program that provides explicit and direct instruction using proven strategies.

Program Overview

Lessons in *Inside the Text* are centered on one-page selections with before-, during-, and after-reading exercises that promote close reading and comprehension. The selections are engaging and interesting to students, with topics like civil rights and sports.

Inside the Text is a proven reading intervention program

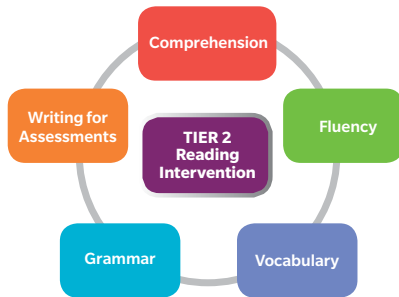

The one-page selections are written about interesting, relevant, and real-life topics that students hear about in the news or discuss with their friends.

Inside the Text gives students five skills they need to increase their reading level to the appropriate grade-level average within one year:

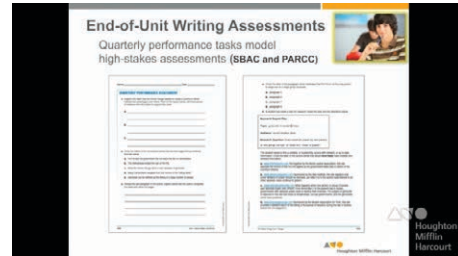

- Close reading and comprehension
- Grammar, usage, and mechanics
- Fluency
- Writing for assessments
- Vocabulary development

Teacher Resources

Inside the Text has two main purposes. The first is to improve students' reading comprehension skills. The second is to improve their language abilities and written composition skills, especially writing for assessments.

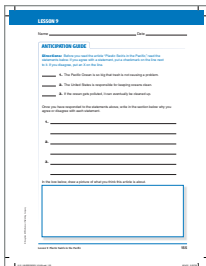

Inside the Text offers a Tier 2 solution to bring secondary students up to appropriate grade-level reading.

Each unit ends with a formative assessment to ensure students understand the main ideas of the selection and a final Quarterly Performance Assessment. The items in these tests are also modeled on the test items on the PARCC® and Smarter Balanced Common Core Assessments.

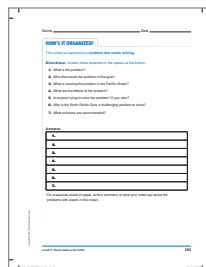

Student Edition

Being literate allows students to get the most out of life and fully engage with the world around them. Students will feel engaged to increase their reading achievements with the short, interesting, and relevant selections and accompanying exercises found within *Inside the Text*. Selections are limited to one page and are about interesting and relevant topics that students hear about in the news or talk about with their friends.

ENGLISH 3D

Accelerate Academic Language Development

Dramatically increase English learners' academic
language to put them on an accelerated path
toward proficiency

Program Overview

English 3D® is a rigorous, standards-aligned, and research-validated English language development program that propels English learners beyond early levels of proficiency. Designed by Dr. Kate Kinsella for students who have stalled in their English development and English

learners making normative progress, this interactive curriculum engages students with high-interest text sets to create a platform for daily spoken and written responses that advance students' academic English language knowledge and skills.

Benefits of *English 3D*

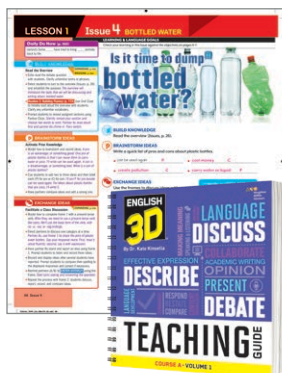

English 3D ensures all students are on an accelerated path to English proficiency by:

- Teaching high-leverage, portable academic language, including vocabulary, syntax, and grammar
- Improving speaking and listening skills through daily opportunities for accountable class discussions, peer collaboration, and group presentations
- Developing academic writing skills to successfully write summaries, opinions or arguments, informative texts, narratives, and research papers
- Engaging students with rigorous, increasingly complex informational and literary texts that are relevant to students' lives
- Making regular connections between coursework and the demands of secondary school, college, and the workplace

AT A GLANCE

Professional learning and resources for educators to facilitate interactive workshops with families of English learners.

PROFESSIONAL LEARNING

HMH Professional Services provides in-person training to administrators, educators, and program leaders to prepare schools for effectively engaging with English learner families.

FUNDING KEY

Title I, Title II, Title III

HMH FAMILY ENGAGEMENT

Fostering Community.
Creating Opportunity.

Program Overview

HMH Family Engagement for Pre-K–12 brings English learner families and educators together around the common

goals of school success and academic achievement. Professional learning and program resources support educators and families in forming a strong, unified system of support for each student.

Encourage and Sustain Family Engagement

HMH Family Engagement provides materials for five 90-minute Learn Together Workshops:

- Welcome to School
- Academic Achievement
- Support at Home
- Assessment Success
- Technology

For more information and an online preview, visit
hmhco.com/familyengagement

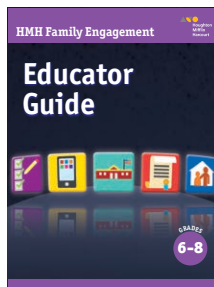

Educator Resources

HMH Family Engagement gives districts the training, strategies, and tools to develop, implement, and sustain an effective action plan to reach families of English learners.

The Program Implementation Guide provides a wealth of support for implementing a comprehensive family engagement initiative in the district. It includes an overview of the program, talking points, research, and important cultural insights on prevalent English learner populations.

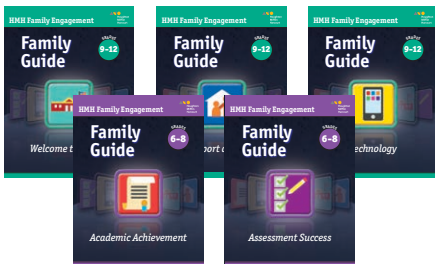

The Educator Guide provides guidelines for effective communication with English learner families, resources for hosting effective Learn Together Workshops with families, and a multilingual communications toolkit for advertising the workshops.

The Administrator Guide includes strategies for academic success, information about English learner assessments, guidelines for effective communication, and tracking tools for implementing the program.

Family Resources

Print and digital resources provide easy access to clear and practical information, strategies, and activities to help English learner families navigate the U.S. education system.

Family Guides focus on the main topics discussed during each of the five Learn Together Workshops. Available in accessible English and Spanish for each tier of education: Pre-K, K–2, 3–5, 6–8, and 9–12.

Digital family resources include audio and video clips to support the content in the Family Guides and the HMH School Talk app to provide practice with common terms used in schools.

AMIRA ASSESSMENT

The Power of Artificial Intelligence

Oral Reading Fluency Assessment and Dyslexia
Screener with automated running records—the
teacher's reading assistant

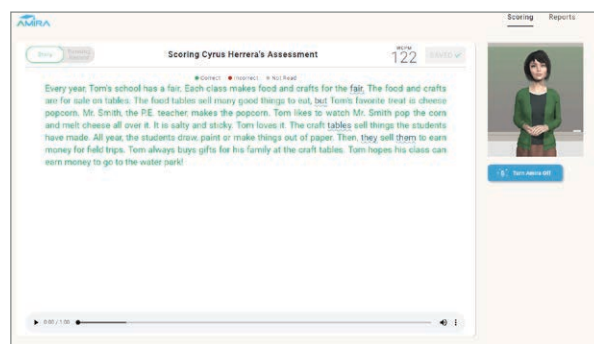

Program Overview

Amira Assessment equips teachers with both an Oral Reading Fluency Assessment and a Dyslexia Screener—two powerful tools that unite to effectively measure students' reading proficiency.

In 3–5 minutes, *Amira* can...

- Administer the ORF assessment
- Listen to and record the student's voice
- Score the assessment
- Generate reports

Amira stores each student's ORF assessment for future review.

For more information and an online preview, visit
hnhco.com/amira

Save time. Improve accuracy. Remove bias.

Amira Assessment automates administration, running records, and reporting to save teachers over 120 hours per school year—all while keeping teachers in control by providing tools to review and adjust *Amira Assessment's* scoring.

Amira Assessment listens to a child read, detects oral reading errors, assesses, and reports.

GRADES

K-3

AT A GLANCE

JillE grade-level kits for grades K-3 offer meaningful balanced literacy experiences.

INSTRUCTIONAL FOCUS

Balanced literacy support for phonics, comprehension, fluency, oral language and vocabulary, language acquisition, writing, and social-emotional learning.

PROFESSIONAL LEARNING

JillE instructional materials provide teaching prompts on every page for embedded professional development.

SUPPORTS

On-level, extra support, advanced, and English learners.

RIGBY JILLE LITERACY

Providing the time, texts, and tools you need to transform balanced literacy instruction.

Program Overview

Rigby® JillE Literacy® Leveled Books are specially designed to engage young readers with thought-provoking fiction and informational texts while systematically building their decoding, comprehension, and critical thinking skills. Plus authentic social-emotional learning opportunities are included in every fiction title.

Meaningful Literacy Experiences

JillE Read Aloud Books, Poetry Cards, and Shared Books feature engaging stories that share the joy of reading.

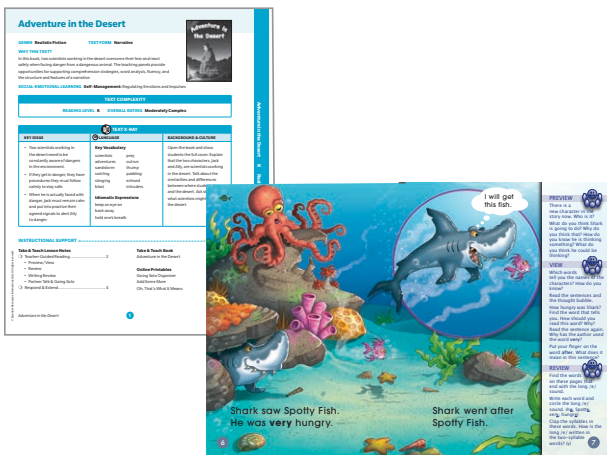

Program author Jill Eggleton, QSO is a leading balanced literacy expert and an international consultant, teacher, and author of children's books, poems, and teacher resources.

Teacher Resources

Every text in the *Jille Literacy* series comes with an easy-to-follow instructional plan for teaching and reinforcing essential skills in context, as well as teaching prompts and guiding questions right on the page. Program Guide and online resources included with each classroom kit.

Shared Books offer large-format books designed specifically for shared reading.

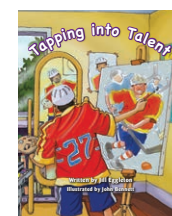

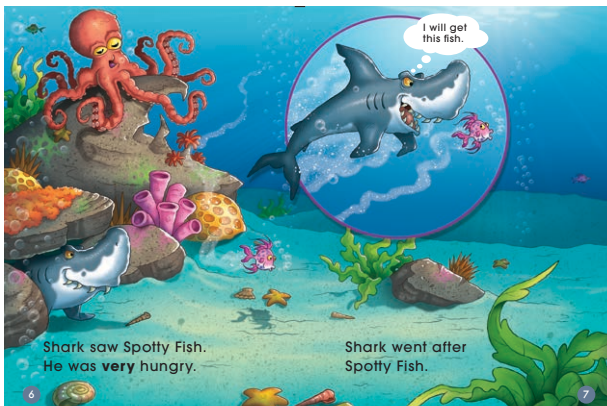

Large format poetry cards include instruction on the back.

Read Aloud books available with the K–1 kits.

Take and Teach books—teaching version of student book with built-in teaching panels. Take and Teach Lessons provide instructional plan and response activities for every leveled book.

Student Resources

Engaging students in meaningful balanced literacy experiences requires texts that inspire curiosity and delight.

Leveled Books

Jille Leveled Books offer multiple text forms and genres.

GRADES

K-6

AT A GLANCE

Senders Leveled Readers and Vocabulary Readers provide differentiated resources for Grades K-6.

INSTRUCTIONAL FOCUS

Guided reading and small-group differentiation.

SUPPORTS

On-level, extra support, advanced, and English learners.

FUNDING KEY

Title I

SENDEROS

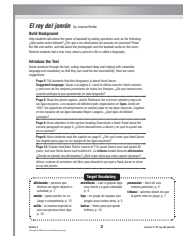

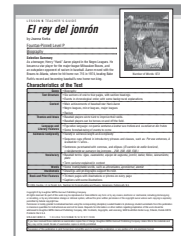

Leveled Readers and Vocabulary Readers

Leveled Readers

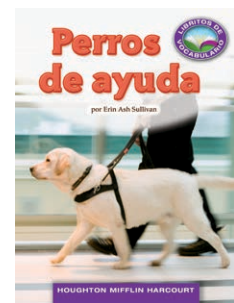

Leveled by Irene Fountas

- Feature abundant nonfiction
- Reinforce skill and vocabulary instruction
- Are supported by newly designed eight-page teaching plans

Vocabulary Readers

- Are nonfiction
- Feature academic vocabulary
- Come with teaching guides for support

Los Dodgers de Brooklyn	L	9780547111629
¡Que llueva!	L	9780547112091
Recaudación de fondos	L	9780547111582
Titeres, titeres y más titeres	L	9780547114828
Todo sobre Chile	L	9780547111636
Todo sobre el pasto	L	9780547268477
Un viaje a China	L	9780547111988
El vuelo de las golondrinas	M	9780547114262
Filadelfia, 1756	M	9780547111964
Inventos de cada día	M	9780547113814
La pintura, desde las cavernas hasta las computadoras	M	9780547114774
La Ruta 66	M	9780547114323
La vida diaria de los cherokees	M	9780547113890
Las escuelas de ayer y hoy	M	9780547113784
Los leones marinos	M	9780547114354
Perros de ayuda	M	9780547268538
Puentes grandes	M	9780547114675
Animales nocturnos	N	9780544229761
¿Cómo se producen los alimentos?	N	9780544229785
El Parque Nacional Yosemite	N	9780544229792
La ciencia en la cocina	N	9780547113968
La Corte Suprema	N	9780547114798
La vida en la pradera	N	9780544229808
Parques en las ciudades	N	9780547268484
Un guía sherpa	N	9780547114392
Aviones, trenes y motos de nieve	O	9780544229815
Calabazas en la escuela	O	9780547268699
Cómo cuidarse al hacer deporte	O	9780544229778
Animales que ayudan a la gente	P	9780547112695
Cómo protegerte durante un terremoto	P	9780547112626
Los reptiles como mascotas	P	9780547113777
Mundos separados	P	9780547112862
¡Muy, muy frío!	P	9780547112565
Todo tipo de hormigas	P	9780547112619
Aprendiendo a ser artistas	Q	9780547112466
Descubre la biblioteca	Q	9780547112497
Detrás de las cámaras	Q	9780547113654
El equipaje de Lewis y Clark	Q	9780547112800
La edad dorada de la radio	Q	9780544229822
La edad dorada de los barcos de vela	Q	9780547268668
La verdad acerca de los roedores	Q	9780547112909
Por siempre verde	Q	9780547113050
Robots extraordinarios	Q	9780547113142
Romare Bearden	Q	9780547113753
Trabajo comunitario en equipo	Q	9780547268644
Una idea loca	Q	9780547109794
Viaje en diligencia	Q	9780547112725
Caballos en Norteamérica	R	9780547109961
En la época de las misiones y los ranchos	R	9780547109947
Ética del trabajo	R	9780547109770
Grandes felinos	R	9780547109541
Hace mucho tiempo en Grecia...	R	9780544229846
Las trabajadoras de los molinos	R	9780547112930
Olas peligrosas	R	9780547113111
Tiempos difíciles	R	9780547112879
Tornados	R	9780544229839
Candidato a la presidencia	S	9780547110110
Conoce a los ojibwas	S	9780547109923
Cuatro paradas en el Camino de Santa Fe	S	9780547109916
De estacionamiento a jardín	S	9780547109855

GRADES
K–5

AT A GLANCE

*Science & Engineering
Leveled Readers* provide
solutions for entire
classrooms and individual
learners.

**PRINT AND DIGITAL
OPTIONS** to maximize
student success.

**NEXT GENERATION
SCIENCE STANDARDS***
cover Disciplinary Core Ideas.

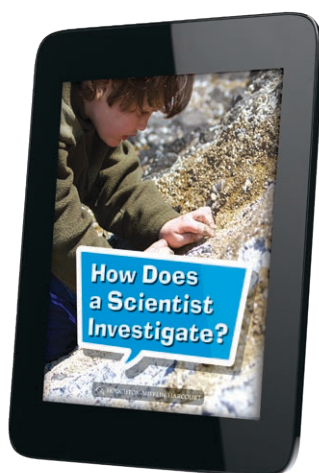

**ENGLISH LANGUAGE
ARTS STANDARDS** are
covered through high-interest
nonfiction (informational) text.

**AVAILABLE IN ENGLISH
AND SPANISH**

**WRITTEN BY SCIENCE AND
LITERACY EXPERTS**

SCIENCE & ENGINEERING LEVELED READERS

Leveled Readers at Your Fingertips

Program Overview

Grade-appropriate K–5 texts
reinforce reading skills, promote
academic and content vocabulary
acquisition, and improve reading
fluency and comprehension.

Wide Range of Readability Levels

The On-Level Readers introduce key
concepts and vocabulary related
to a science or engineering topic.
Each Extra-Support Reader shares
a title, illustrations, vocabulary,
and concepts with the On-Level
Reader—but at a below-grade reading level and with
additional comprehension aids. Enrichment Readers provide
high-interest and in-depth nonfiction to enhance and extend
concepts and vocabulary.

Featured Resources

Individualized Instruction

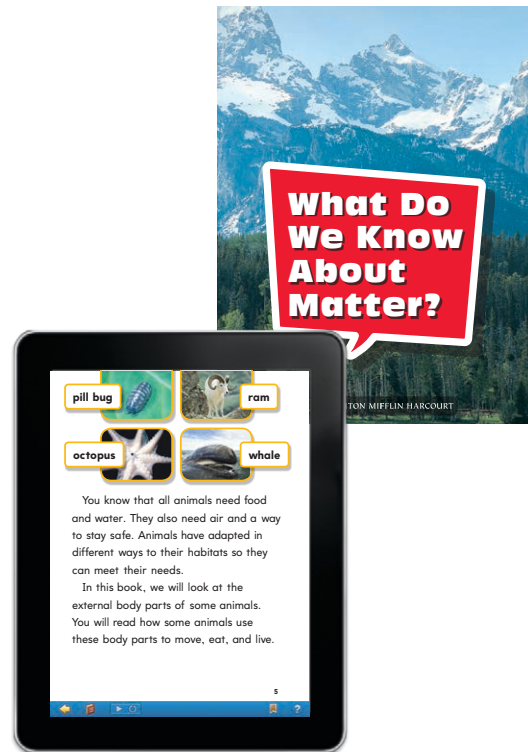

Find the “just right” text for each student by matching texts to the right instructional level for each student.

Build Foundational Skills

When applied with fidelity, guided reading can improve the development of decoding, vocabulary, comprehension, and fluency.

Build Reader Confidence

By reading at appropriate levels, each student can gain valuable confidence to continue reading growth.

Authors & Advisors

Written by *ScienceFusion*® and *HMH Science Dimensions*® authors, including Marjorie Frank, Michael DiSpezio, and Michael Heithaus, *Science & Engineering Leveled Readers* deliver content from noted experts in science and literacy.

Science and Engineering English Levelled Readers

Product	Lexile	ISBN
Kindergarten		
Extra Support Readers (6-packs)		
A How Do You Do Science?		978-0-544-10975-9
How Can We Solve Problems?		978-0-544-10896-7
What Can We Learn About Matter?		978-0-544-10897-4
How Does Energy Help Us?		978-0-544-10898-1
How Can Objects Move?		978-0-544-10901-8
What Are Some Natural Resources?		978-0-544-10902-5
How Can We Describe Weather and Seasons?		978-0-544-10903-2
What Is in the Sky?		978-0-544-10904-9
What Can We Learn About Animals?		978-0-544-10906-3
What Are Plants?		978-0-544-10907-0
On-Level Readers (6-packs)		
How Do You Do Science?		978-0-544-10908-7
How Can We Solve Problems?		978-0-544-10909-4
What Can We Learn About Matter?		978-0-544-10911-7
How Does Energy Help Us?		978-0-544-10912-4
How Can Objects Move?		978-0-544-10913-1
What Are Some Natural Resources?		978-0-544-10914-8
How Can We Describe Weather and Seasons?		978-0-544-10915-5
What Is in the Sky?		978-0-544-10916-2
What Can We Learn About Animals?		978-0-544-10917-9
What Are Plants?		978-0-544-10918-6
Enrichment Readers (6-packs)		
How a Scientist Works		978-0-544-10919-3
Make a Better Bird Feeder		978-0-544-10920-9
Cooking Matter Changes It		978-0-544-10921-6
Energy Is All Around		978-0-544-10923-0
Magnets Help Us Every Day		978-0-544-10924-7
Saving Water		978-0-544-10925-4
Sun, Storm, Sun Again		978-0-544-10926-1
Patterns in the Sky		978-0-544-10927-8
Animal Groups		978-0-544-10928-5
Inside a Seed!		978-0-544-10930-8
Grade 1		
Extra Support Readers (6-packs)		
How do you Investigate?	370L	9780544112339

AT A GLANCE

A student handbook for college-and-career readiness

INSTRUCTIONAL FOCUS

Improving writing from constructing sentences and paragraphs to developing academic essays.

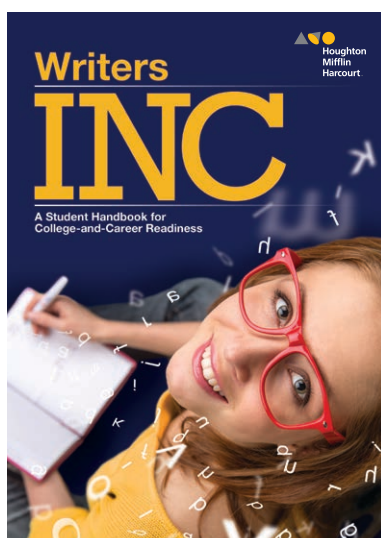

SUPPORTS

Special sections on writing across the curriculum, social media, updated MLA and APA guidelines, and test-taking skills help students master new performance-based assessments.

WRITERS INC

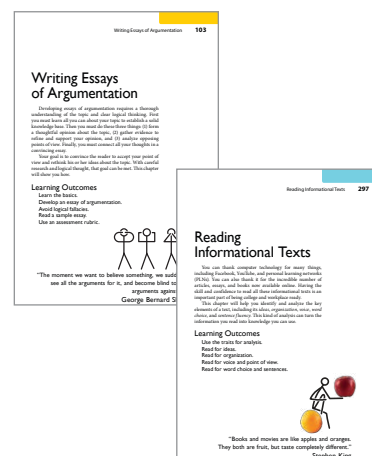

Add Power to Your Prose

Writers INC is thoughtfully designed with college-and-career readiness in mind, starting with all facets of writing.

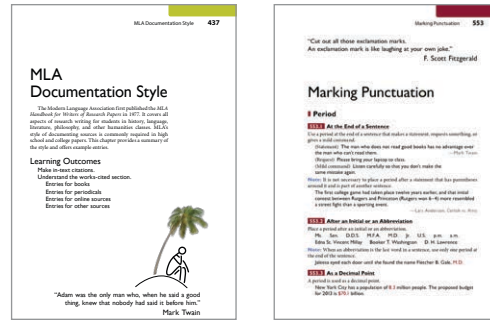

Reading and Writing across the Curriculum

- Clear, detailed coverage of writing process, forms, and their application to cross-curricular content
- Concise, easy-to-use guidelines, models, and strategies to improve writing skills in all classes
- Covers all facets of writing from constructing sentences and paragraphs to developing academic essays

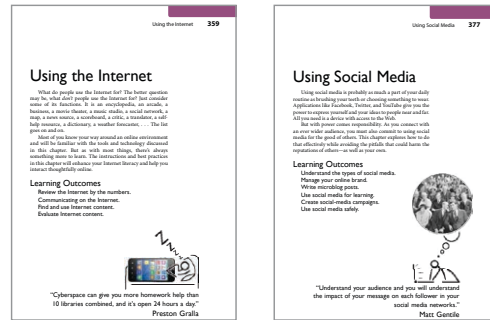

Research and Proofreader's Guide

- Guidelines for writing argument essays, explanatory essays, responses to literature, research papers, and more
- Updated MLA and APA guidelines

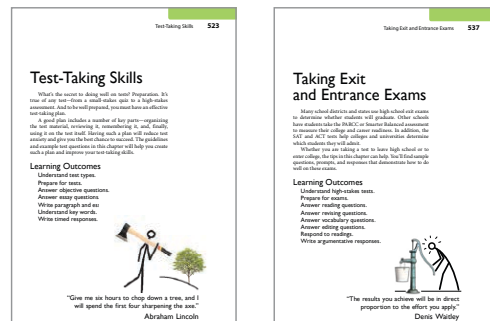

Utilizing Technology and Writing for Online Audiences

- Instructs students on how to accurately research and cite internet sources
- Special chapter on writing for social media and creating your online brand

Test Taking

- Presents information on test taking and reading strategies, and includes a special section on grammar and language
- Test-taking strategies for SAT®/ACT®, AP*, CCSS (including PARCC®* and SBAC®†) exams, and vocational tests

AT A GLANCE

HMH Into Literature, HMH's newest secondary literacy program, incorporates the latest in educational research.

INSTRUCTIONAL FOCUS

Gradual release with extensive teacher flexibility.

PROFESSIONAL LEARNING

In-person, online, and on-demand courses, plus an exclusive Coaching Studio.

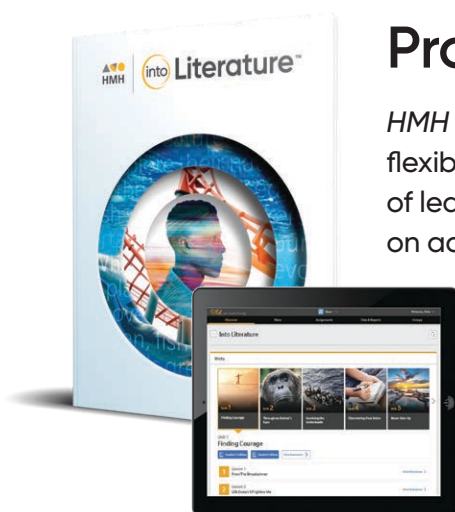

SUPPORTS

Full differentiation from remediation to extension, including English learners.

HMH INTO LITERATURE

A Vision for Student Growth

HMH Into Literature™ uses a combination of classic and contemporary texts to build intellectual stamina and foster independence while developing skilled readers, writers, thinkers, and communicators.

Program Overview

HMH Into Literature supports teacher flexibility and keeps the diverse needs of learners at the forefront. A focus on academic, social, and emotional growth is achieved through relevant, engaging texts and learning opportunities.

With *HMH Into Literature*, dive deeper into texts using Notice & Note.

Eleven literary signposts and anchor questions guide students as they analyze texts and build transferable close reading skills.

Developed by program authors and education leaders Kylene Beers and Robert Probst, Notice & Note was proven effective through the EdTrust Study.

For more information and an online preview, visit
hmhco.com/IntoLiterature

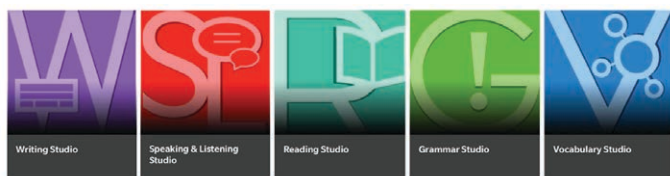

With *HMH Into Literature*, teachers have the tools and flexibility they need to maximize growth!

The Teacher's Edition contains point-of-use instructional strategies for various learners, including spreads and scaffolds dedicated to English learners. Ongoing assessment, data reporting, and next-step recommendations provide critical feedback loops to the teacher and aid with effective differentiation.

HMH Into Literature includes comprehensive lesson plans by thematic unit and a customizable digital planner to create your own units.

Five well-curated Studios provide additional ELA strand-specific resources and learning activities that link directly to *HMH Into Literature* instruction.

Our powerful digital platform contains intuitive reports and resources—like the exclusive Growth Measure, powered by *Reading Inventory*®—and student group recommendations.

Creating Well-Rounded Learners

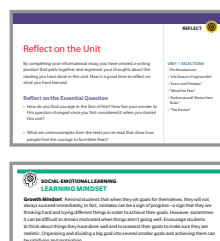

HMH Into Literature celebrates student interests and unique learning journeys with experiences designed to inspire self-exploration and critical thinking through Essential Questions, Learning Mindset, and student-choice activities.

Writing instruction, in both the print and digital Student Editions, includes authentic mentor texts, revision guides, rubrics, and peer feedback loops.

Voice and Choice

Novels related to the Essential Question are recommended for each unit and include a study guide with choice projects and writing topics.

Social-Emotional Learning

Learning Mindset activities and discussion prompts increase self-awareness and social awareness.

AT A GLANCE

The program for increasing proficiency on rigorous standards with targeted instruction in streamlined components.

INSTRUCTIONAL FOCUS

Growing student abilities to meet the highest standards of literacy.

PROFESSIONAL LEARNING

In-person, online, on-demand, and team coaching to suit your preferred mode.

SUPPORTS

Differentiation for varied levels with a range of texts, videos, screencasts, tutorials, and interactive digital lessons.

COLLECTIONS

For Rigorous Standards and Literate Lives

Collections was designed to foster students' lifelong literacy, including the abilities to analyze complex texts, determine evidence, reason critically, and communicate thoughtfully—must-have skills for college and career success.

Program Overview

Each collection (unit) of multi-genre texts, including one or more anchor texts chosen for their complexity, richness, and demand for close analysis, serve as the basis for short tasks before the main performance-based writing, speaking, and listening tasks.

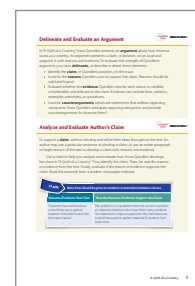

Text Analysis Informs Writing

As students read and analyze texts, they also study authors' craft and then apply those techniques to their own writing.

Study Texts as Models

Apply Techniques to Writing

Mentor texts and mini-lessons on elements of argument help students in developing their own argument.

For more information and an online preview, visit
hmhco.com/collections

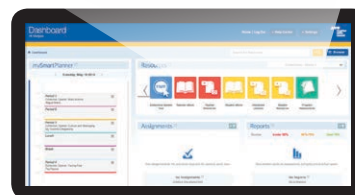

You're in Charge with Print & Digital Teacher Resources

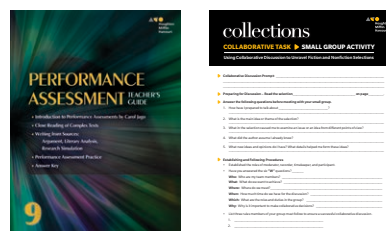

With streamlined print components, robust digital resources, and comprehensive approaches to rigorous state standards, *Collections* supports you in meeting high expectations.

The complete Teacher's Edition includes Close Read questions that prompt students to re-enter the selection for text-based responses.

From your custom-tailored dashboard, you easily navigate to all content, lesson plans, media, assessments, and reports.

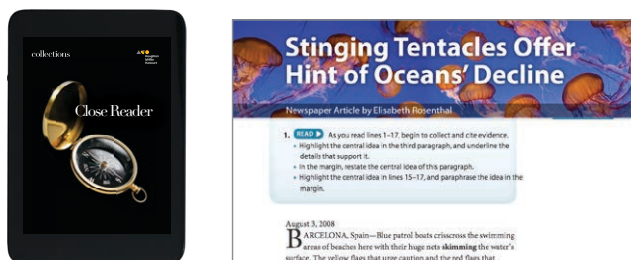

Prepare students for on-demand writing from multiple sources with the Performance Assessment Teacher's Guide.

Guide students through small-group work with collaborative activity sheets.

Keep Students Engaged and Encouraged

Collections helps you to speak to today's digital learners in a language—and through activities—they understand.

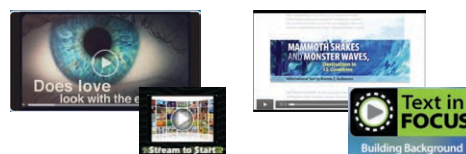

Students gain confidence in analysis skills through concrete routines with the write-in *Close Reader* texts (print and digital) related to each collection theme.

Get Help as Needed!

Students find help with mastering key elements in digital, interactive lessons.

Motivated to Learn

Peak student interest in unit themes and build knowledge of textual elements with a variety of videos.

AT A GLANCE

With Common Core Solutions, you have a package of solid lessons for all Common Core exemplar texts and performance-based writing.

INSTRUCTIONAL FOCUS

Focused instruction in reading, analyzing, and responding to challenging texts.

SUPPORTS

Text Complexity Rubric for each selection; Small-Group Collaboration Strategies; English Language Support ideas and activities.

LITERATURE COMMON CORE SOLUTIONS

These cost-effective resources, designed to enhance your instruction, provide targeted lessons for analyzing texts, writing to sources, and preparing for performance-based assessments.

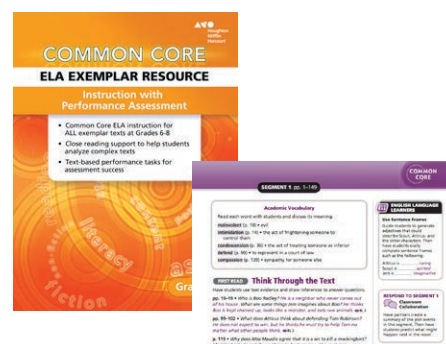

Program Overview

The solution includes Common Core ELA Exemplar Resource for teachers and the Performance Assessment Classroom Package with a student text and Teacher's Guide (as print and digital).

Saving Time with
Ready-to-Go Lessons
for ALL Exemplars!

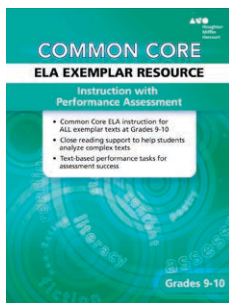

Complete lessons for every
exemplar in Common Core
State Standards, Appendix B.

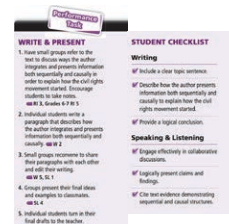

Students expand their knowledge of academic vocabulary and learn to support text analyses with evidence.

Teacher's Compact Package for Clarity and Convenience

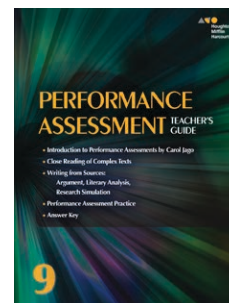

With complete lesson plans in *Common Core ELA Exemplar Resource* plus the Teacher's Guide for *Performance Assessment*, you will find the approaches you need to help students tackle complex texts and respond to performance tasks.

Using the clear lesson format of *Common Core Exemplar Resource*, teachers can easily grab summaries, academic vocabulary, ideas for introducing lessons, First Read / Second Read Questions, English learner strategies, collaborative activities, and culminating performance tasks.

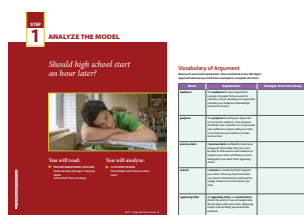

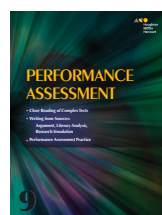

Lesson plans include ideas for collaborative work on performance tasks and checklists for feedback.

The guide supports your teaching of how to synthesize information across multiple texts and demonstrate understanding.

Student Confidence from the 3-Step Model

Preparing students for multiple tasks, *Performance Assessment* provides students with step-by-step instruction, sources, and practice for different kinds of tasks, such as informative essay, argument, and literary analysis.

Using this write-in text, students learn the thinking processes for responding to tasks, beginning with Step 1: Analyze the Model for analyzing included source materials.

Short Tasks Build Skills

With Step 2: Practice the Task, students practice short related tasks.

Try It On Your Own

In Step 3: Perform the Task, students synthesize new source materials and create an original response for the assigned task.

AT A GLANCE

Reading these selections, students will see their own faces and discover the faces and lives of peoples around the world.

INSTRUCTIONAL FOCUS

Getting students mentally involved for developing active and self-directed reading and learning skills.

SUPPORTS

Write-in Student Text, Teacher's Guide.

MULTICULTURAL READERS

Discover the World

Multicultural Readers give students an interactive approach to building reading, vocabulary, and literary analysis skills, using diverse literature.

Program Overview

The Student Worktext provides students with rich texts for learning to analyze, annotate, evaluate, and interpret diverse literature and informational text.

Close Reading Comes with Practice

The interactive format guides students to interact with the selections by marking them up, asking their own questions, taking notes, and responding to prompts.

Teacher's Guide supports literacy skill building with teaching strategies, selection activities and tests, and academic vocabulary tips.

AT A GLANCE

Reading Counts! is an independent reading program that combines reading practice and reading assessment.

INSTRUCTIONAL FOCUS

Personalized and engaging learning environment that ensures independent reading accountability.

PROFESSIONAL LEARNING

Provides educators with proven strategies, best practices, and great ideas to integrate this independent reading programs into your school community.

READING COUNTS!

Raise Reading Achievement for All Students

Reading Counts!® leverages your independent reading program into a measurable and highly motivating strategy to raise reading achievement for all students.

Program Overview

With *Reading Counts!* your students have a Lexile-based independent reading program that tracks their success on the books they read in and out of school. *Reading Counts!* is proven to develop reading skills and help raise test scores.

Reading Counts!:

- Motivates students with suggested reading choices that match their reading interests
- Empowers educators with reports and actionable data at the student, school, and district level
- Reinforces comprehension, vocabulary, and fluency skills

hmhco.com/readingcounts

Teachers: Track Reading Achievement with Powerful and Actionable Data

Reading Counts! provides continuous assessment and immediate feedback using powerful data-management software that is embedded as part of the *Reading Counts!* program. These easy-to-generate, up-to-the-minute, data-driven reports help inform and differentiate instruction when a student is struggling and needs intervention. These reports show student growth over time.

Students: Achieve Reading Success

Start with any great book found in the classroom library, school library, or public library—fiction, nonfiction and curriculum-based books that kids want to read. Students choose a title from a personalized *Reading Counts!* book list that is appropriate for their skills and matches their interests. Every quiz provides a true, formative, curriculum-based assessment.

AT A GLANCE

Into Math is designed to monitor, predict, and accelerate growth for each and every student.

**INSTRUCTIONAL
CATEGORY**
Elementary and
Middle School Math

**INSTRUCTIONAL
FOCUS**
The *Into Math* learning arc takes the time to deliberately link the conceptual and the procedural to boost students' mathematical thinking skills.

**PROFESSIONAL
LEARNING**
Blended professional learning is at point of use and available from *Math Solutions*.

SUPPORTS
Provides greater equity for all learners and maximizes student growth.

INTO MATH

A Vision for Growth!

Into Math™ emphasizes the importance of the “why” behind the “how” with an all new, research-based learning model that deliberately links the conceptual to the procedural with application embedded throughout.

Program Overview

At the core of *Into Math* is the belief that growth at every level is possible. Through insightful, data-driven assessments and

professional learning opportunities that can be tailored to any teacher's preference, *Into Math* is able to deliver on the promise to invest in you, create fearless problem solvers, and foster growth.

Foster a Culture of Growth!

Using the research and support of Mindset Works, lessons incorporate growth mindset at every stage. When this is combined with powerful data analytics and dynamic, embedded teacher supports, the result is a learning culture where all embrace learning mathematics.

Set learning in motion with growth mindset—for you and your students.

AT A GLANCE

Into AGA is designed to monitor, predict, and accelerate growth for each and every student.

INSTRUCTIONAL CATEGORY

Secondary Math

INSTRUCTIONAL FOCUS

Into AGA takes the time to deliberately link the conceptual and the procedural to boost students' mathematical thinking skills and focus on mathematical modeling.

PROFESSIONAL LEARNING

Blended professional learning is at point of use and available from *Math Solutions*®.

SUPPORTS

Provides greater equity for all learners and maximizes student growth.

INTO AGA

A Vision for Growth!

Into AGA™ emphasizes the importance of the “why” behind the “how” and of mathematical modeling with an all new, research-based learning model that deliberately links the conceptual to the procedural with application embedded throughout.

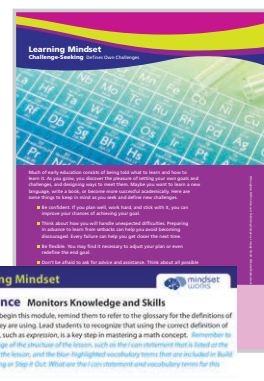

Program Overview

At the core of *Into AGA* is the belief that growth at every level is possible. Through insightful, data-driven assessments and professional learning

opportunities that can be tailored to any teacher's preference, *Into AGA* is able to deliver on the promise to invest in you, create fearless problem solvers, and foster growth.

Foster a Culture of Growth!

Using the research and support of Mindset Works®, lessons incorporate growth mindset at every stage. When this is combined with powerful data analytics and dynamic, embedded teacher supports, the result is a learning culture where all embrace learning mathematics.

Set learning in motion with growth mindset—for you and your students.

For more information and an online preview, visit
hmhco.com/intoAGA

INVEST IN YOU

Teacher Resources

Ensure confidence in mathematics instruction with embedded tools and technology.
 Gain back the time to focus on helping your students develop their reasoning while you facilitate communication and differentiate instruction.

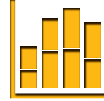

Effortless Grouping

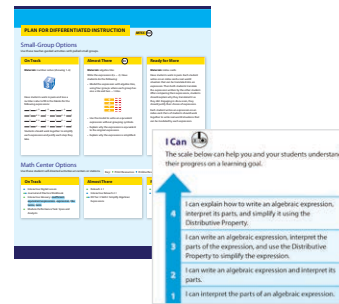

Lesson Planning

Clear Assessments
and Dynamic Reporting

Professional Learning

The Right Resources
for Each and Every Student

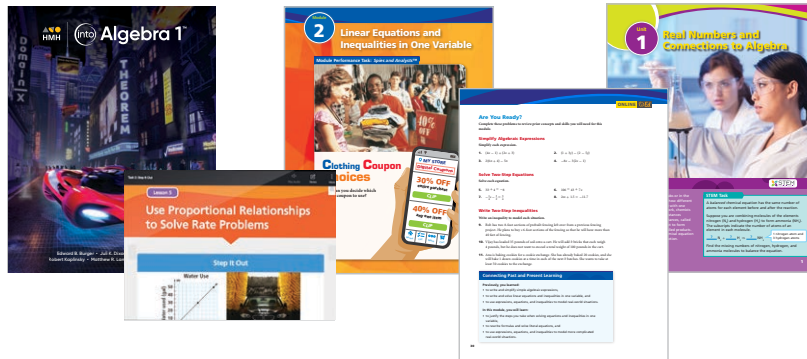

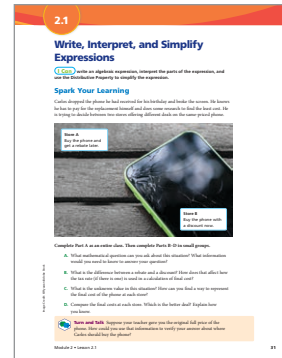

Teaching Tools Deliver
Stronger Impacts

Ed: Your Friend
in Learning . . . and Teaching

CREATE FEARLESS PROBLEM SOLVERS

Student Resources

Power student growth and unlock higher-level mathematical concepts. *Into AGA* builds student confidence by helping students develop productive perseverance in problem solving.

What Students Need to Succeed
 Assessment and differentiated resources accelerate every student.

GRADES

K-8

AT A GLANCE

Math in Focus® has seen a decade of resounding success in U.S. classrooms.

INSTRUCTIONAL FOCUS

Proven pedagogy built on the authentic Singapore Math® Framework.

PROFESSIONAL LEARNING

In-person, online, and on-demand courses, plus an exclusive Coaching Studio, backed by a "Strong" ESSA rating.

SUPPORTS

On-level, extra support, and advanced differentiation opportunities.

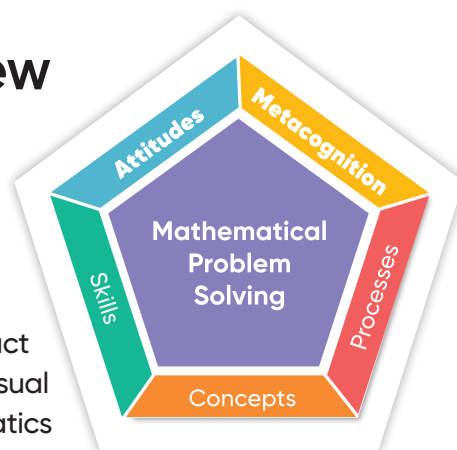

MATH IN FOCUS®:

Singapore Math® by Marshall Cavendish®

Math in Focus © 2020 delivers the program's most significant revisions since its U.S. release in 2009. Aligning to the latest shifts in the Singapore Math® curriculum, this program delivers an integrated solution that combines global teaching and learning best practices.

Program Overview

The © 2020 edition features an increased emphasis on metacognition and attitudes toward learning. The solution's consistent use of manipulatives via the Concrete-Pictorial-Abstract approach, along with powerful visual and bar models, makes mathematics accessible to ALL students.

Mathematicians Are Problem Solvers First!

In *Math in Focus*, students learn for, about, and through problem solving in order to master concepts fully and apply them to non-routine, open-ended, and real-world problems.

	Teaching for Problem Solving	Teaching about Problem Solving	Teaching through Problem Solving
Purpose	Emphasizes learning mathematics in order to apply it to solve problems	Emphasizes processes, strategies and metacognition	Emphasizes learning mathematical concepts and skills through inquiry or open-ended questions
In <i>Math in Focus</i> ®	ENGAGE-LEARN-TRY focus cycles	PUT ON YOUR THINKING CAP!	THINK

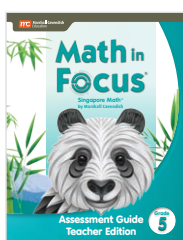

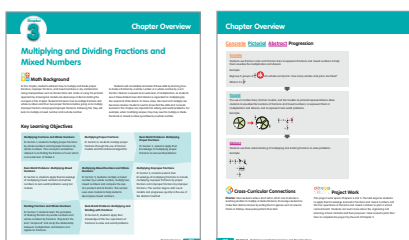

Research shows that problem solving is central to mathematical learning.

Teachers Are Supported Every Step of the Way!

The Teacher's Edition contains point-of-use instructional support, questioning techniques to stimulate mathematical thinking, and keys to deepening conceptual understanding. Each chapter begins with an overview, followed by a skills trace and a learning continuum with model problems—as well as an in-depth planning guide.

The Assessment Guide Teacher Edition is designed to provide summative assessments, while the Transition Guide provides tools for diagnosing and remediating weaknesses or gaps in a student's mastery.

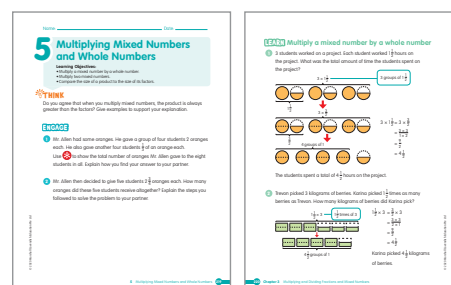

With *Ed*, teachers can easily plan, assign, and assess to ensure targeted differentiation.

Data and reporting tools empower teachers to monitor growth and guide students to aligned resources for supports, enrichment, and mastery.

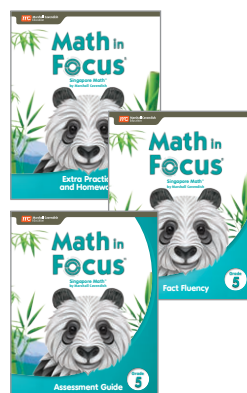

The Student Edition Is the Core of *Math in Focus*

Students are provided with daily opportunities to build conceptual understanding, share problem-solving experiences, develop fluency, acquire mathematical language, and consolidate skills to achieve mastery.

Ed: Your Friend in Learning®

Ed provides an easy and engaging interface for students to access ebook content, take assessments, and explore interactive resources.

Supporting Student Resources

Fact Fluency guides students in developing conceptual understanding, procedural skills, and fluency with numbers and operations.

GRADES

Pre-K-6

AT A GLANCE

Math Expressions pairs traditional methods of engagement with technology-based features that actively engage students, building their confidence to become proficient problem solvers through conceptual understanding, skills fluency, and subject mastery.

INSTRUCTIONAL FOCUS

Activity-based learning.

PROFESSIONAL LEARNING

Robust, targeted support workshops available for users.

SUPPORTS

Digital and print resources provide robust lesson support.

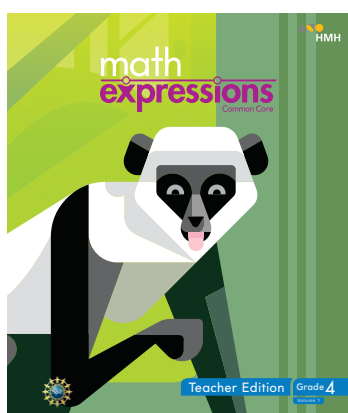

FUNDING KEY

Funded by NSF and based on research.

MATH EXPRESSIONS 2018

Funded by NSF* Proven Effective by Research

Math Expressions is a balanced, research-proven math solution for Grades K-6. With inquiry-based, interactive instruction, it consistently keeps students motivated and progressing forward, provides explicit instructional support to teachers, and delivers real, measurable results.

Program Overview

Math Expressions was developed using the methods of learning science design and research focused on building students' conceptual understanding of math, interwoven with the other components of math proficiency.

Math Expressions supports requirements for higher-order and critical thinking by including work on all standards for each grade level. With content that focuses on student inquiry, Math Talk, and modeling of examples with practice, students are able to progress while deepening mastery of grade-level concepts.

Single authorship provides continuity and consistency. *Math Expressions* students perform at higher levels of math achievement when compared with students using similar programs.

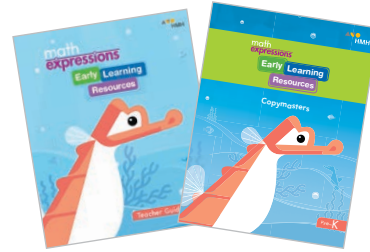

**Math Expressions* Common Core is based upon work supported by the National Science Foundation under grant numbers ESI- 9816320, REC-9806020, and RED-935373.

Pre-K/Transitional K/ 4K Early Learning Resource

Math Expressions Early Learning Resources is a mathematics program for Pre-K, 4K, and Transitional K children who will enter kindergarten the following year. It is built on current research and includes some of the same classroom structures that are the foundation of the *Math Expressions* K-6 program.

The Teacher Guide and Copymasters book support teachers' leading weekly learning sessions.

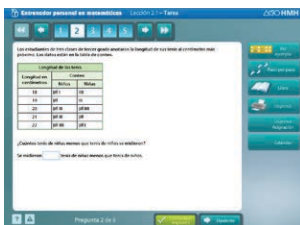

Early learners benefit from using game boards, puzzle cards, and activities to foster understanding of number and geometry concepts.

Puzzled Penguin and Big Books further engage young learners and get them excited to learn more about math.

Expresiones en Matemáticas K-6

All student-facing resources are translated into Spanish, with teacher support and tools also available in Spanish.

Digital Student Tools and Activity Center

Challenge, Intervention, and Practice activities are available in Spanish to support all learners with mastery.

Practice and Assessment

Homework and Remembering, Assessments, chapter resources, and more are available fully translated.

GRADES

K-6

AT A GLANCE

Personalized learning is a key differentiation for *GO Math!* Students utilize Personal Math Trainer® Powered by Knewton™ to grow in mastery.

INSTRUCTIONAL FOCUS

Direct instruction and inquiry activities.

PROFESSIONAL LEARNING

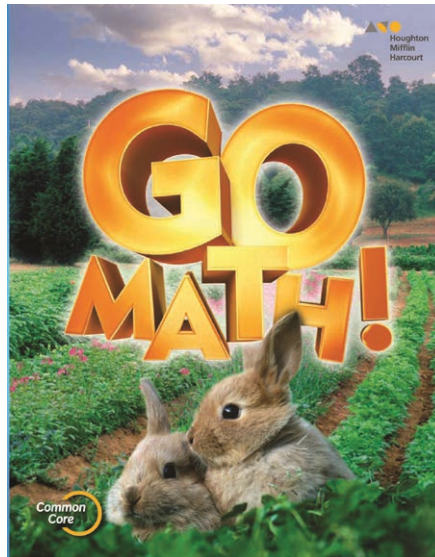

On-demand professional learning embedded in teacher resources.

SUPPORTS

Videos and tutorials are built in for on-demand use.

GO MATH!

The *GO Math!*® program is a blended approach combining direct instruction and inquiry-based methods that emphasize deep conceptual understanding of fluency in a focused and coherent manner.

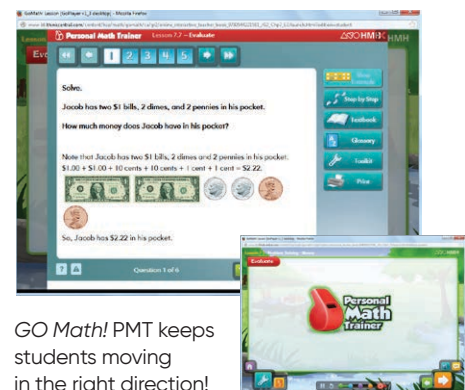

Program Overview

GO Math! has provided trusted content to over seven million students in every U.S. state and 72 countries. *GO Math!* 2015 was built from the ground up for the Common Core State Standards and features the rigorous content you rely on to prepare your students for common and high-stakes state assessments.

Personalized Learning

The Personal Math Trainer, Powered by Knewton, is the ultimate online, adaptive assessment and personalized learning system for your students. Make practice, intervention, and assessment easy and fun.

GO Math! PMT keeps students moving in the right direction!

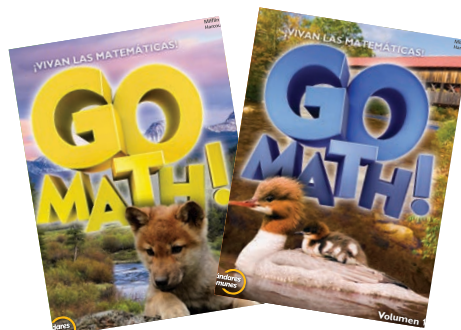

For more information and an online preview, visit
hmhco.com/gomath

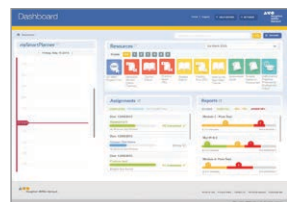

AVAILABLE IN ENGLISH AND SPANISH!

Teacher Resources

GO Math! in digital and print lets you choose how you'll spend your time—on planning, on instruction, on assessment, or on intervention. Our flexible content and resources adapt to fit the needs of your busy classroom so you'll be free to spend your energy where your students need it most.

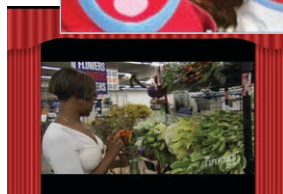

Spanish versions of the TE, SE, and all resources are available.

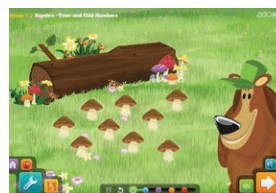

Our *HMH Player*® allows students and teachers to collaborate, working both online and offline. Grab and Go centers engage learners in additional practice and supplemental resources support. Control it all from the Teacher Dashboard and watch your teaching and learning take off!

GO Math! Motivates Students to Learn!

Digital Tools to Engage and Support

Math on the Spot, iTools, and Real World Videos help students make connections.

Interactive Student Edition

Students engage with the interactive Student Edition for a different perspective and delivery of their lessons.

GRADES
6–8

AT A GLANCE

GO Math! carefully connects learning with equal intensity to conceptual understanding and procedural fluency.

INSTRUCTIONAL CATEGORY
Middle School Math

INSTRUCTIONAL FOCUS
5E instructional model gives equal attention to conceptual understanding, fluency, and application.

PROFESSIONAL LEARNING
Embedded professional development videos and Getting Started course.

SUPPORTS
Provides support to reach all students within the classroom.

GO MATH! MIDDLE SCHOOL

Next Generation Solution

GO Math! combines 21st-century educational technology with modern content, dynamic interactivities, and a variety of instructional videos to engage today's digital natives.

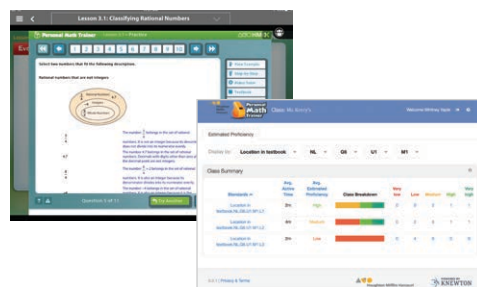

Program Overview

GO Math! is a comprehensive 6–8 mathematics program built to address new and rigorous standards. It provides in-depth instruction and equal emphasis on conceptual understanding and procedural fluency, with coherent articulation across grade levels. The program

features engaging and interactive resources with a seamless digital path that ensures students can access content at appropriate levels of depth and rigor.

Personalized and Adaptive Learning with Personal Math Trainer Powered by Knewton

Personal Math Trainer is the ultimate online adaptive assessment and personalized learning system for students, with an automatic reporting and optional intervention system for the teacher.

COMPREHENSIVE TEACHER SUPPORT

Teacher Resources

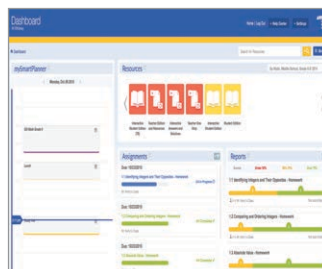

The print and online teaching tools in *GO Math!* enable teachers to deeply engage students, meeting them where they are and gradually improving their conceptual understanding, fluency, and application.

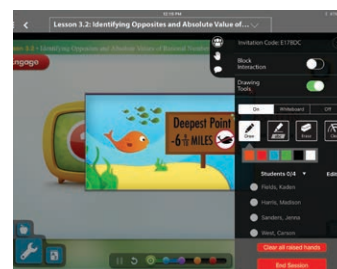

The Teacher Edition supports instruction by detailing how to effectively incorporate components at point of use.

Differentiated instruction resources and leveled assessments provide additional support to help teachers reach all students.

The Teacher Dashboard provides quick access to the Teacher Edition and Resources, Interactive Student Edition, Reports, Assignments, mySmartPlanner, and more.

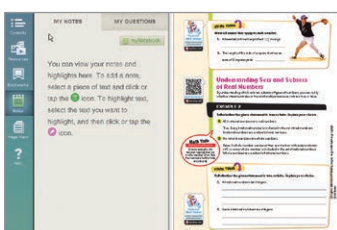

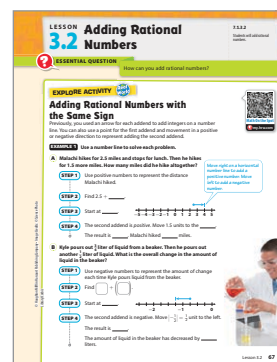

Customize content and present interactive lessons with the *HMH Player* app.

Student Resources

Complete with print and adaptive technology, the student resources were developed to create mathematical thinkers.

The *GO Math!* Student Edition features full-color pages and a write-in text design that allows students to immediately engage in mathematics as they begin to build conceptual understanding for every lesson.

Online Student Edition

Seamless integration of digital features reaches today's students. Available online or offline via the *HMH Player* app.

Math on the Spot

Learn and reinforce concepts with step-by-step interactive examples supported by video tutorials.

AT A GLANCE

HMH AGA and Integrated 1, 2, 3 engage students to become strong mathematical problem solvers.

INSTRUCTIONAL CATEGORY

Middle School and Secondary Math

INSTRUCTIONAL FOCUS

5E instructional model gives equal attention to conceptual understanding, fluency, and application.

PROFESSIONAL LEARNING

Embedded professional learning supports seamless instruction.

SUPPORTS

Provides support to reach all students within the classroom.

HMH ALGEBRA 1, GEOMETRY, ALGEBRA 2 & INTEGRATED MATHEMATICS 1, 2, 3

Adaptive. Intuitive. Transformative.

Developed to turn students into problem solvers who master concepts, become fluent with procedures, and apply the principles they've learned to real-world situations.

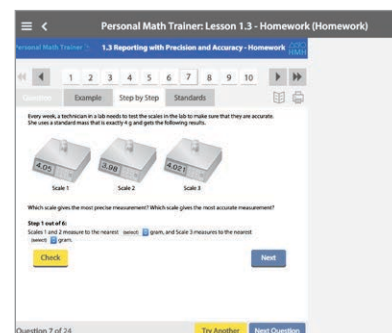

Program Overview

HMH Algebra 1, Geometry, Algebra 2 & Integrated Mathematics 1, 2, 3 offers an interactive and engaging student experience with seamless integration of print and digital features for in-class and on-the-go learning. A supportive instructional model enables focused, balanced, and rigorous teaching of math standards.

Personalized and Adaptive Learning with Personal Math Trainer Powered by Knewton

Personal Math Trainer is the ultimate online adaptive assessment and personalized learning system for students, with an automatic reporting and optional intervention system for the teacher.

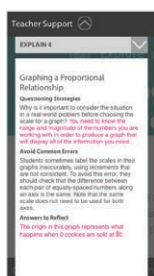

For more information and an online preview, visit
hnhco.com/hmh-aga | hnhco.com/hmh-int123

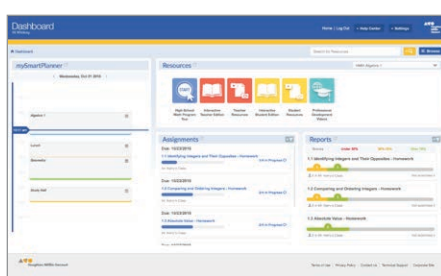

Teacher Resources

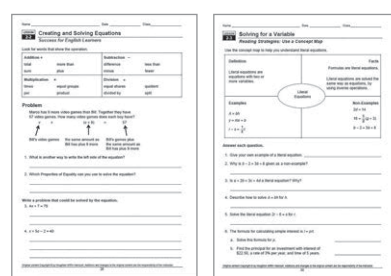

New and veteran math teachers alike benefit from the program's supportive approach and manageable, standards-based framework. Thoroughly integrated digital and print components developed by math thought leaders help teachers customize the program to meet their instructional preferences, district requirements, and students' needs.

Flexible instructional resources and point-of-use guidance provide support.

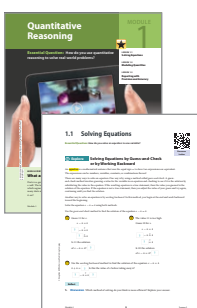

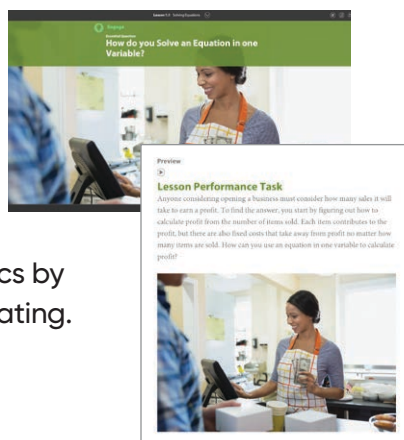

Plan, Create, and Manage

Support all learners with differentiated instruction resources.

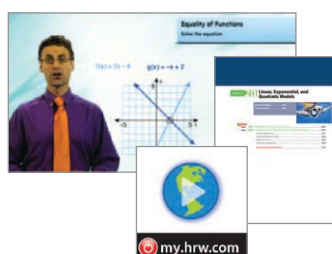

Student Resources

Each lesson immerses students in math procedures and concepts, guiding them to interact with mathematics by engaging, exploring, explaining, elaborating, and evaluating.

Student Edition

Rigorous problem sets, as well as real-world problem solving and performance tasks, prepare students for college and career.

Video Tutorials

Just-in-time learning features include Real World Videos, and Math on the Spot Video Tutorials with step-by-step explanations for every example.

AT A GLANCE

Saxon Math™ emphasizes procedure in a highly structured, spiral, and distributed manner.

INSTRUCTIONAL FOCUS

Balanced approach to comprehensive learning.

PROFESSIONAL LEARNING

Deepen understanding of the *Saxon* instructional framework, assessment, instructional strategies, and effective planning.

SUPPORTS

Digital teacher resources support lesson instruction.

SAXON MATH

Proven Pedagogy

Saxon Math's integrated learning results in students developing and retaining a deep understanding of mathematics.

Program Overview

SAXON 2018 GRADES K-5

A balanced approach combines with an intentionally designed curriculum and frequent assessments to develop deep conceptual understanding, computational fluency, and problem-solving skills and strategies.

SAXON 2018 COURSES 1-3

Build Your Own *Saxon Math* Classroom

Workbooks, digital tools, and student resource kits with manipulatives support student learning and build a strong foundation in mathematics.

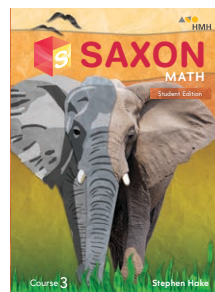

For more information and an online preview, visit
hmhco.com/saxonmath

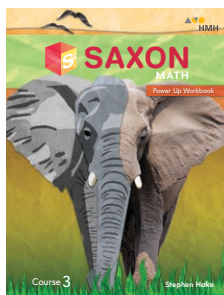

An End-to-End Solution for Teachers and Students

Incremental, distributed, and cumulative practice supports all learners while Adaptations for struggling learners equip educators with a powerful suite of resources designed to promote mastery and deepen understanding.

Unique lesson structuring creates a self-reinforcing routine designed to make the most of each class.

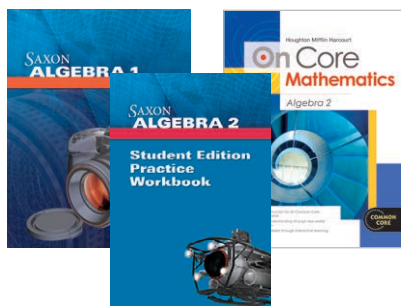

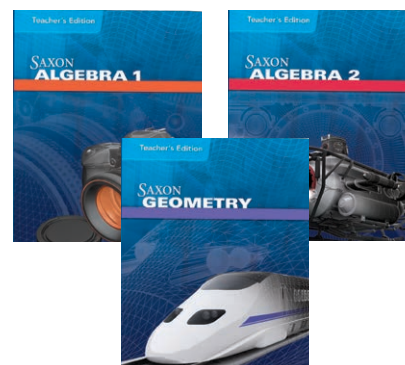

Additional resources such as Power Up Workbooks, Assessment Guides, and Instructional and Reteaching Manuals further support educators.

Manipulatives facilitate activities and build concrete understanding of new concepts.

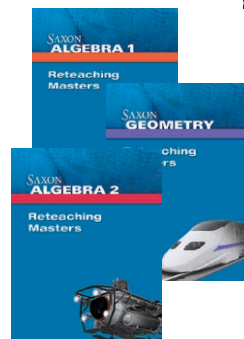

Saxon Math 2009 Algebra 1, Geometry, Algebra 2

Distributed and incremental instruction is the backbone of a strong pedagogy with more than 25 years of measurable success and ensures students are able to meet the demands of today's more rigorous state standards.

Student Materials

Student resources focus on the math while providing plenty of space to work.

Reteaching Masters

Concentrated concept instruction is aligned with each lesson and investigation including student practice worksheets and answer keys.

GRADES
1–5

AT A GLANCE

Help students in Grades 1–5
build numerical reasoning
for success.

INSTRUCTIONAL FOCUS

Do The Math helps students
rebuild their foundations
of understanding.

PROFESSIONAL LEARNING

Math Solutions provides every
Do The Math teacher with the
highest-quality learning services
and resources.

SUPPORTS

Classroom materials
organized by topics support
practice and differentiation.

DO THE MATH

Help Your Students Catch Up and Keep Up

Program Overview

Created by Marilyn Burns,
one of America's most
trusted math educators,
Do The Math® provides
flexible, step-by-step

instruction for building numerical reasoning and restoring
confidence. *Do The Math* starts where the math stopped making
sense to students and gives teachers hands-on strategies to build
students' understanding and skills.

Build a Solid Mathematical Foundation with Classroom-Tested Lessons

"Classroom tested" means
there's plenty of support in each
module's 30 half-hour lessons
for teachers to build capacity
as students move from basic
conceptual understanding to
skills development in addition and
subtraction, multiplication, division,
and fractions.

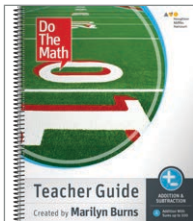

For more information and an online preview, visit
hmhco.com/dothemath

Teacher Resources

Do The Math helps teachers develop the foundations of numerical understanding and skills for all students.

The Teacher Guide includes guidance for monitoring progress, and information about how to use materials effectively.

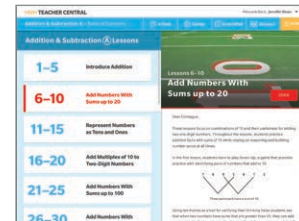

All teaching resources for each module are stored in the Teacher Bookcase for easy organization and lesson planning.

The annotated **WorkSpace**[®] provides clear representations of model student answers to help teachers provide timely progress monitoring.

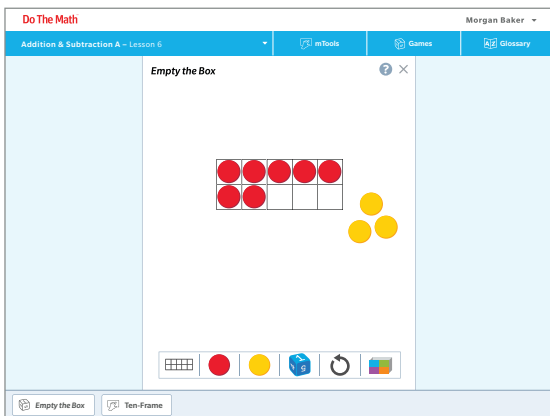

The Professional Learning Guide provides a comprehensive overview of the program architecture along with instructional strategies.

HMH Teacher Central provides teachers with digital mTools, games, and professional learning resources at their fingertips. It also includes access to **ProgressSpace**[™]—an online assessment and reporting tool.

Student Resources

Do The Math includes a range of print and digital resources to support students.

Student games and interactive visual models are available digitally to provide instructional support and additional practice.

The **WorkSpace** is designed to support students' transition to independent work.

A complete set of hands-on manipulatives and materials support and extend student learning throughout the modules.

PROFESSIONAL LEARNING

Every *MATH 180* topic features professional learning from Math Solutions®.

SUPPORTS

Equal support for students and teachers.

MATH 180

Math Intervention for Algebra and Beyond

Program Overview

MATH 180® is a math intervention program that focuses on deep understanding and mastery of the essential skills and concepts necessary to unlock algebra and advanced math.

MATH 180 ensures that students believe that success is possible and that their teachers have cutting-edge tools to help them meet rigorous new standards for math.

Success in *MATH 180* goes far beyond test scores. When students witness the results of their hard work, they believe in their own ability and understand that math has a purpose in their future.

For more information and an online preview, visit
hmhco.com/math180

Teacher Resources

Teachers are the key force multiplier behind students' success in math. There's a rich array of professional learning, classroom routines, and comprehensive teacher guides that facilitate streamlined, effective planning.

The Teaching Guide provides daily step-by-step instruction to develop understanding through discussion and program solving.

The Educator Dashboard helps build capacity of effective teachers and leaders with anytime/anywhere access to the critical student performance data.

State-of-the-art planning tools ensure teachers will spend less time planning and more time helping students get the practice they need to accelerate to mastery.

Student Software

MATH 180 provides an engaging software experience, as well as *mSpace* books that students use in group instruction.

The MATH 180 software adapts to each student's needs, providing added practice for those who need it and accelerating those ready to move on.

The student *mSpace* scaffolds practice and supports the work students do in group instruction.

The Student Dashboard gives students access to their recent achievements and instructional zones, allowing them ownership over their learning experience.

GRADES

K-12

AT A GLANCE

Math Inventory is a powerful universal screener and growth-monitoring assessment that measures mathematic growth on the Quantile® Framework for Mathematics.

INSTRUCTIONAL FOCUS

Math Inventory allows educators to match students with appropriate resources, differentiate instruction, and evaluate curriculum needs based on each student's level of performance.

PROFESSIONAL LEARNING

Provides educators with proven strategies, best practices, and great ideas to integrate this math assessment into your school community.

MATH INVENTORY

Measure with Confidence

Math Inventory® helps educators effectively differentiate instruction and accelerate student growth from kindergarten through Algebra II. With *Math Inventory* teachers are able to help students meet higher standards in preparation for college and career.

Program Overview

Math Inventory is a computer adaptive and growth-monitoring assessment that measures mathematics growth on the Quantile Framework, a proven measure for math achievement and math concept difficulty. This

places students' math readiness for instruction and the difficulty of mathematical tasks on the same scale.

Math Inventory assesses understanding across the five strands of math and shifts the paradigm from focusing on the skills students do not know to identifying what students know and are ready to learn. This key shift makes the difference in accelerating student growth toward algebra and college and career readiness.

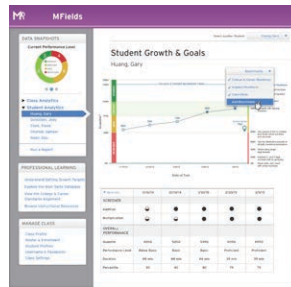

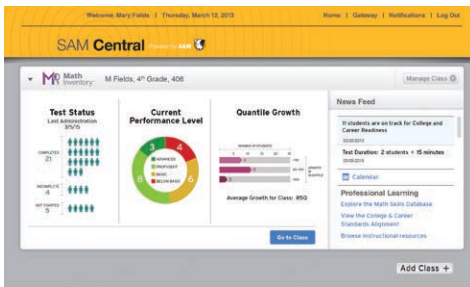

For more information and an online preview, visit
hmhco.com/mathinventory

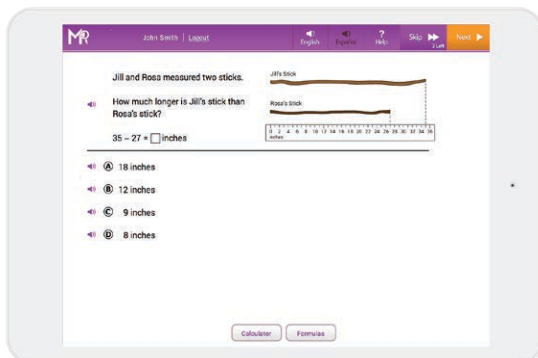

Teachers: Access to Meaningful, Actionable Reports and Data

Math Inventory empowers educators with the latest in smart data technology via SAM™ Central. This powerful platform will give educators' access to immediately actionable data and scientifically designed reports. In addition to the interactive data analytics, HMH SAM Central provides reports to screen for instructional grouping and intervention, provide progress monitoring, inform instruction, and support a school-to-home connection.

Students: Adapting to Their Individual Needs

Once the students finish the Early Numeracy Subtest and a short set of practice problems, they will go on the fully adaptive *Math Inventory* multiple-choice test that takes approximately 30 minutes and includes customized support for students. *Math Inventory* includes read-aloud audio support in English and Spanish and a Growth Mindset Feedback that encourages perseverance.

GRADES

6–8

AT A GLANCE

A complete health curriculum for middle school.

RELEVANT TO STUDENT LIVES

Features such as Health IQ, Myth/Fact, Belief vs. Reality, Teen Talk, and Misconception Alert candidly address topics applicable to students' daily lives.

LIFE SKILLS

Provides an emphasis on decision-making and refusal skills by incorporating hands-on activities in every chapter and through additional resources.

NATIONAL HEALTH EDUCATION STANDARDS

Correlations are located at the front of the Teacher's Edition.

ASSESSMENT

Pre-reading quizzes, chapter and section/lesson reviews, additional reviews, quizzes, and tests.

DECISIONS FOR HEALTH

Building Students' Health Skills

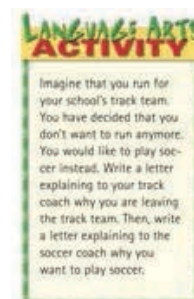

Program Overview

Decisions for Health is a complete health curriculum that is flexible and easily customized. Activities and skills practice reinforce learning, motivating students and building student character. Real-life features make health relevant to students. Assessments assist with targeted teacher instruction along with additional planning and instructional tools.

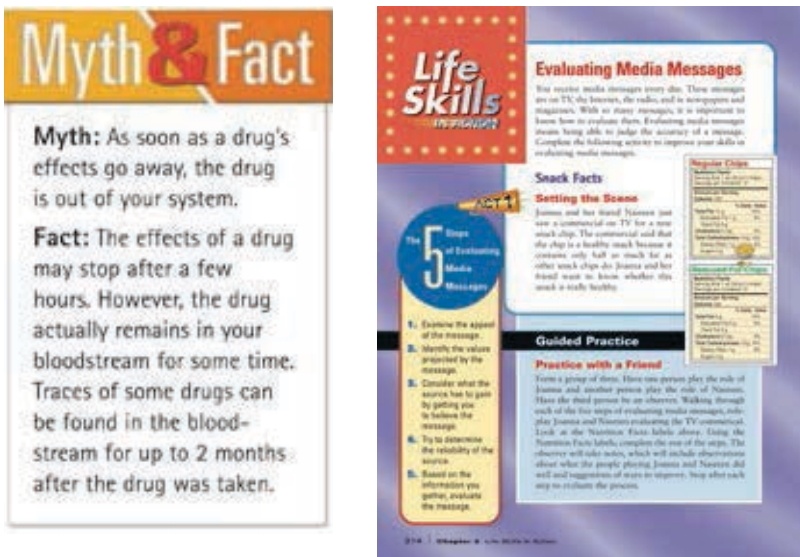

Activities and Skills Practices

Students practice life skills and build character through in-text activities. These hands-on activities motivate students, and cross-disciplinary connections make content relevant.

Real-Life Features

These features inform students about health-related issues, encourage exploration of challenging and rewarding health topics, and inspire lifelong positive behaviors and attitudes. Students learn how their surroundings influence their health and well-being.

Student Editions

Decisions for Health focuses on building life skills for students. The Student Editions get students involved in health with cross-disciplinary features that make health issues relevant, activities that motivate students, and content that makes students think as it draws them in.

GRADES

9–12

AT A GLANCE

A complete health curriculum for high school.

RELEVANT TO STUDENT LIVES

Features such as Health IQ, Myth/Fact, Belief vs. Reality, Teen Talk, and Misconception Alert candidly address topics applicable to students' daily lives.

LIFE SKILLS

Provides an emphasis on decision-making and refusal skills by incorporating hands-on activities in every chapter and through additional resources.

NATIONAL HEALTH EDUCATION STANDARDS

Correlations are located at the front of the Teacher's Edition.

ASSESSMENT

Pre-reading quizzes, chapter and section/lesson reviews, additional reviews, quizzes, and tests.

LIFETIME HEALTH

Building Students' Health Skills

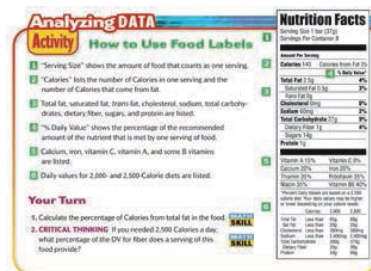

Program Overview

Lifetime Health is a complete health curriculum that is flexible and easily customized. Activities and

skills practice reinforce learning, motivating students and building student character. Real-life features make health relevant to students. Assessments assist with targeted teacher instruction along with additional planning and instructional tools.

Activities and Skills Practices

Students practice life skills and build character through in-text activities. These hands-on activities motivate students, and cross-disciplinary connections make content relevant.

Building Character

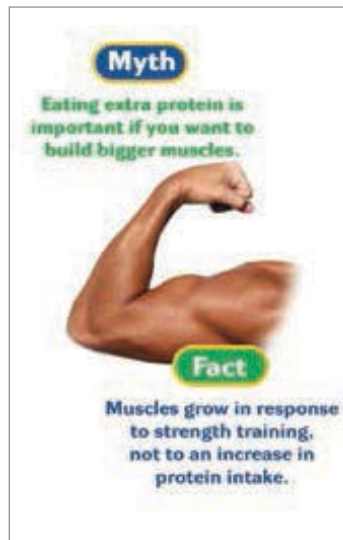

HONESTY

Honesty means being truthful with yourself and others. Expressing your emotions in a healthy way includes being honest with yourself and others about what you are feeling. Being honest about your emotions can be difficult, especially if you are angry or sad. But a situation that causes you anger or sadness may not change until you speak up about your feelings. Learning to express your emotions constructively often enables you to resolve in a positive way situations that make you angry or sad.

Think of a time recently when you were angry with a parent or friend. Describe how the situation was resolved. Were you honest about what you were feeling? Did you express your anger in a constructive manner? If not, what could you have done differently?

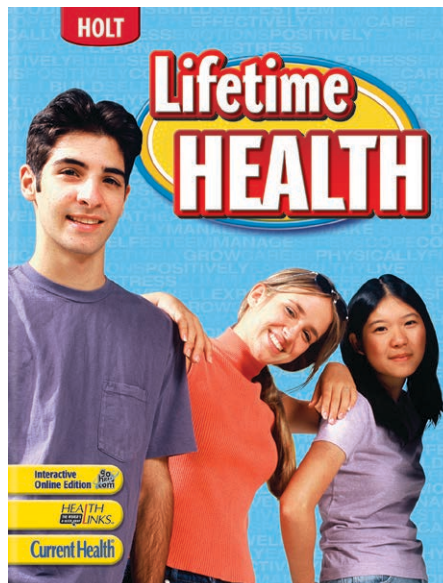

Real-Life Features

These features inform students about health-related issues, encourage exploration of challenging and rewarding health topics, and inspire lifelong positive behaviors and attitudes. Students learn how their surroundings influence their health and well-being.

Student Editions

Lifetime Health focuses on building life skills for students. The Student Editions get students involved in health with cross-disciplinary features that make health issues relevant, activities that motivate students, and content that makes students think as it draws them in.

HMH INTO SOCIAL STUDIES © 2018

Inspire Engaged Citizenship

This revolutionary, integrated, and comprehensive K-6 social studies program is differentiated by design to propel students to new levels of engagement and teachers to new levels of efficiency.

Program Overview

Make the most of every instructional minute by integrating nonfiction content into each lesson to meet literacy goals.

Content That Extends and Connects

Develop the critical thinking, analysis, reading, and writing skills necessary to grow students into global thinkers by using magazines that fit easily into daily lessons.

Inform future citizens by providing relevant content to encourage learning moments in your classroom.

For more information and an online preview, visit
hmhco.com/intosocialstudies

Captivate Students with Interactive Content

Unlock students' natural curiosity with interactive lessons that encourage students to think, imagine, and partake in hands-on activities that keep them coming back for more!

Make learning an adventure with relevant, topic-based informational magazines.

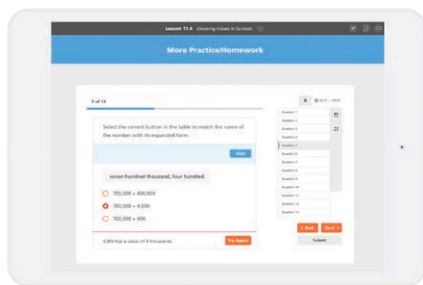

Bring stories to life with interactive maps and timelines.

Send students on an exciting exploration of the world and its history with Google® Expeditions.

Invite your students to enjoy age-appropriate news stories, features, and polls with HMH In The News.

Flexibility and Customization Built for Teachers

Personalize your instructional approach with the easily accessible content, resources, and data found on *Ed: Your Friend in Learning*®.

Teacher's Guides

Access print and digital Teacher's Guides that provide support to integrate print and digital components, explicit vocabulary instruction, reading and skills support, differentiation, primary sources, cross-disciplinary links, performance tasks, and assignments.

HMH Blended Professional Learning

Move beyond a one-size-fits-all approach and experience our blended professional learning model with in-person and online solutions.

Uncover the Connections

HMH Social Studies World Civilizations fosters students' curiosity and cultivates their analytical skills to ensure success in college, career, and civic life.

Program Overview

HMH Social Studies World Civilizations asks students to uncover the connections and inspires them to look beneath the surface—to identify relationships, note influences, and introduce ideas that challenge assumptions.

Making Connections

HMH Social Studies provides relevant content and resources to encourage “Aha!” moments in your classroom.

HISTORY® videos bring content to life through primary source footage, dramatic storytelling, and expert testimonials.

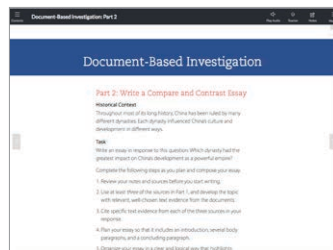

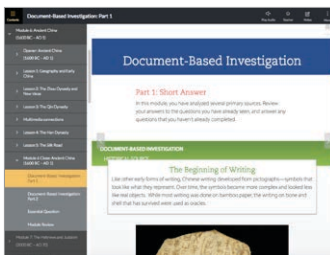

HMH Current Events provides trustworthy articles on today's news to connect the classroom to current events.

For more information and an online preview, visit
hmhco.com/hmh-social-studies

Promoting Inquiry and Active Learning

HMH Social Studies World Civilizations gives you the tools you need to support students in analyzing primary sources and completing evidence-based writing tasks.

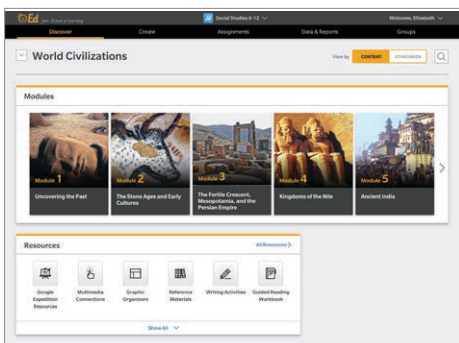

Document-Based Investigations in every lesson ensure students are prepared to succeed on end-of-module DBI performance tasks that ask them to summarize evidence drawn from module text.

Essential Questions spark curiosity, guide instruction, and ask students to apply knowledge through writing tasks.

Using HMH Field Trips, students are swept away into 3D, 360-degree experiences in fascinating locations that directly relate to social studies content.

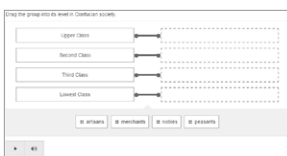

Flexibility and Customization for Teachers

Ed: Your Friend in Learning is an intuitive, approachable environment that personalizes education. From the Dashboard, view a snapshot of the latest class activity with easy access to content, assignments, and data.

Customizable Assessments

You can customize prebuilt assessments or create your own assessments to assign to students. Online assessments can also be printed to distribute to students.

HMH Professional Learning

Our comprehensive professional learning solutions for leaders, teachers, and families are data and evidence driven, mapped to your goals, centered on your students, and delivered by master educators.

Uncover the Connections

HMH Social Studies World Geography fosters students' curiosity and cultivates their analytical skills to ensure success in college, career, and civic life.

Program Overview

HMH Social Studies World Geography asks students to uncover the connections and inspires them to look beneath the surface—to identify relationships, note influences, and introduce ideas that challenge assumptions.

Making Connections

HMH Social Studies provides relevant content and resources to encourage “Aha!” moments in your classroom.

HISTORY videos bring content to life through primary source footage, dramatic storytelling, and expert testimonials.

HMH Current Events provides trustworthy articles on today's news to connect the classroom to current events.

For more information and an online preview, visit
hmhco.com/hmh-social-studies

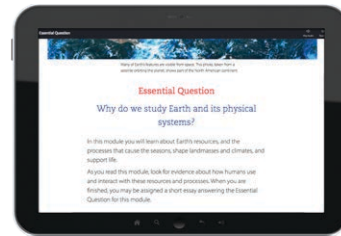

Promoting Inquiry and Active Learning

HMH Social Studies World Geography gives you the tools you need to support students in learning how to analyze primary sources and complete evidence-based writing tasks.

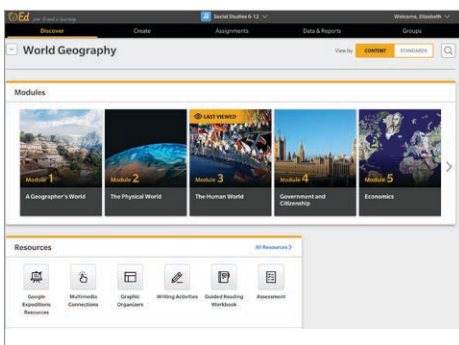

Document-Based Investigations in every lesson ensure students are prepared to succeed on end-of-module DBI performance tasks that ask them to summarize evidence drawn from module text.

Essential Questions spark curiosity, guide instruction, and ask students to apply knowledge through writing tasks.

Using HMH Field Trips, students are swept away into 3D, 360-degree experiences in fascinating locations that directly relate to social studies content.

Flexibility and Customization for Teachers

Ed: Your Friend in Learning is an intuitive, approachable environment that personalizes education. From the Dashboard, view a snapshot of the latest class activity with easy access to content, assignments, and data.

Customizable Assessments

You can customize prebuilt assessments or create your own assessments to assign to students. Online assessments can also be printed to distribute to students.

HMH Professional Learning

Our comprehensive professional learning solutions for leaders, teachers, and families are data and evidence driven, mapped to your goals, centered on your students, and delivered by master educators.

Promoting Inquiry and Active Learning

HMH Social Studies Global Geography offers the tools and support necessary to challenge students to learn through active inquiry and prepares them for college and career readiness.

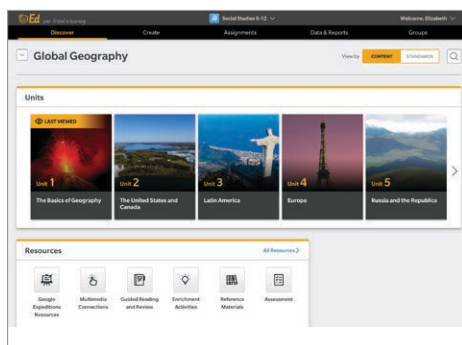

A Case Study in every unit uses primary sources to analyze a current issue that is spotlighted in the unit. Every Case Study includes a cooperative project, uses primary sources, and requires in-depth research and presentation.

Disasters! features in every unit demonstrate the astonishing global impact that catastrophic events have had on people's lives.

Using HMH Field Trips, students are swept away into 3D, 360-degree experiences in fascinating locations that directly relate to social studies content.

Flexibility and Customization for Teachers

Ed: Your Friend in Learning is an intuitive, approachable environment that personalizes education. From the Dashboard, view a snapshot of the latest class activity with easy access to content, assignments, and data.

Customizable Assessments

You can customize prebuilt assessments or create your own assessments to assign to students.

UNITED STATES HISTORY

Uncover the Connections

HMH Social Studies United States History fosters students' curiosity and cultivates their analytical skills to ensure success in college, career, and civic life.

Program Overview

HMH Social Studies United States History asks students to uncover the connections and inspires them to look beneath the surface—to identify relationships, note influences, and introduce ideas that challenge assumptions.

Making Connections

HMH Social Studies provides relevant content and resources to encourage “Aha!” moments in your classroom.

HISTORY videos bring content to life through primary source footage, dramatic storytelling, and expert testimonials.

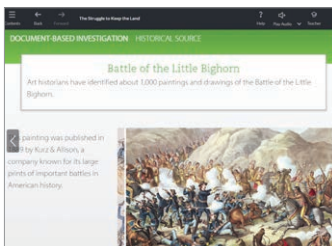

HMH Current Events provides trustworthy articles on today's news to connect the classroom to current events.

Promoting Inquiry and Active Learning

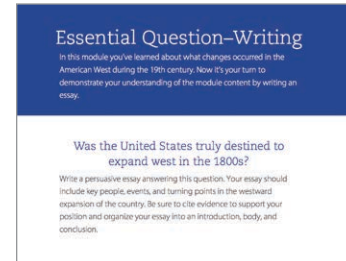

HMH Social Studies United States History gives you the tools you need to support students in learning how to analyze primary sources and complete evidence-based writing tasks.

Document-Based Investigations in every lesson ensure students are prepared to succeed on end-of-module DBI performance tasks that ask them to summarize evidence drawn from module text.

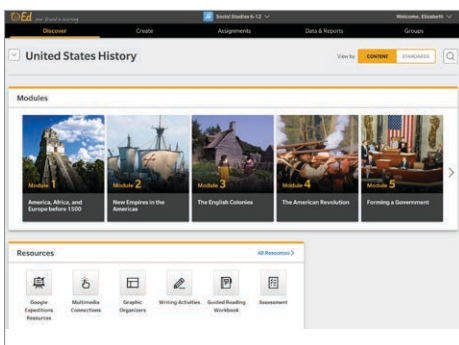

HMH Judicial Inquiries: Interactive Supreme Court Case Studies promotes critical viewing, source analysis, and writing about Supreme Court cases that impact teens.

Essential Questions spark curiosity, guide instruction, and ask students to apply knowledge through writing tasks.

Using *HMH Field Trips*, students are swept away into 3D, 360-degree experiences in fascinating locations that directly relate social studies content.

Flexibility and Customization for Teachers

Ed: Your Friend in Learning is an intuitive, approachable environment that personalizes education. From the Dashboard, view a snapshot of the latest class activity with easy access to content, assignments, and data.

Customizable Assessments

You can customize prebuilt assessments or create your own assessments to assign to students. Online assessments can also be printed to distribute to students.

HMH Professional Learning

Our comprehensive professional learning solutions for leaders, teachers, and families are data and evidence driven, mapped to your goals, centered on your students, and delivered by master educators.

Uncover the Connections

HMH Social Studies American History fosters students' curiosity and cultivates their analytical skills to ensure success in college, career, and civic life.

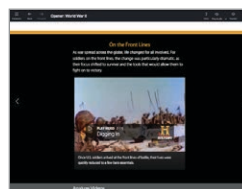

Program Overview

HMH Social Studies American History asks students to uncover the connections and inspires them to look beneath the surface—to identify relationships, note influences, and introduce ideas that challenge assumptions.

Making Connections

HMH Social Studies provides relevant content and resources to encourage “Aha!” moments in your classroom.

HISTORY videos bring content to life through primary source footage, dramatic storytelling, and expert testimonials.

HMH Current Events provides trustworthy articles on today's news to connect the classroom to current events.

For more information and an online preview, visit
hmhco.com/hmh-social-studies

Promoting Inquiry and Active Learning

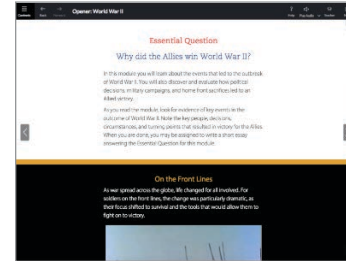

HMH Social Studies American History gives you the tools you need to guide students in learning how to analyze primary sources and complete evidence-based writing tasks.

Document-Based Investigations in every lesson ensure students are prepared to succeed on end-of-module DBI performance tasks that ask them to summarize evidence drawn from module text.

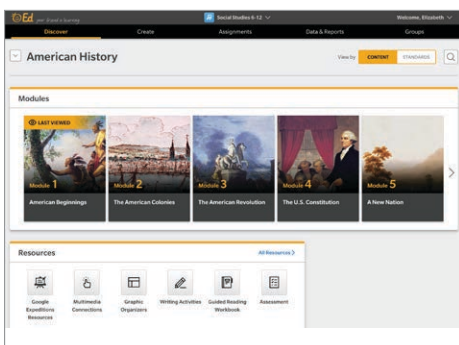

HMH Judicial Inquiries: Interactive Supreme Court Case Studies promotes critical viewing, source analysis, and writing about Supreme Court cases that impact teens.

Essential Questions spark curiosity, guide instruction, and ask students to apply knowledge through writing tasks.

Using *HMH Field Trips*, students are swept away into 3D, 360-degree experiences in fascinating locations that directly relate to social studies content.

Flexibility and Customization for Teachers

Ed: Your Friend in Learning is an intuitive, approachable environment that personalizes education. From the Dashboard, view a snapshot of the latest class activity with easy access to content, assignments, and data.

Customizable Assessments

You can customize prebuilt assessments or create your own assessments to assign to students. Online assessments can also be printed to distribute to students.

HMH Professional Learning

Our comprehensive professional learning solutions for leaders, teachers, and families are data and evidence driven, mapped to your goals, centered on your students, and delivered by master educators.

AFRICAN AMERICAN HISTORY © 2018

Uncover the Connections

African American History fosters students' curiosity and cultivates their analytical skills to ensure success in college, career, and civic life.

Program Overview

African American History presents a rich narrative that explores the role of African Americans in the development of the United States. The program has a unique interactive format that encourages students to connect with the content and explore important people, places, and events

Making Connections

African American History provides relevant content and resources to encourage “Aha!” moments in your classroom.

Partnerships with the Association for the Study of African American Life and History® and the National Civil Rights Museum® enhance the program.

HMH Current Events provides trustworthy articles on today's news to connect the classroom to current events.

Promoting Inquiry and Active Learning

African American History offers the tools and support necessary to challenge students to approach history through active inquiry and to prepare them for college and career readiness.

Black Writers and Poets

Throughout the 1920s and 1930s the Harlem Renaissance dominated African American cultural life. During this period, artists expressed new ideas about black culture and black life in the United States. Among the most vocal artists of the new cultural movement were writers and poets.

Primary Sources

The Poetry of Claude McKay

One of the most celebrated poets of the Harlem Renaissance was Claude McKay, who often wrote about the black experience. In one of his most famous poems, "Rodeo," McKay expresses his mixed feelings toward his home country.

Although she feeds me bread of bitterness,
And sinks into my throat my tiger tooth,
Stealing my breath of life, I will confess
I love this culture that has bred my soul:
Her vigor flows like blood into my veins,
Giving me strength erect against her hate.
Her bigness sweeps my being like a flood.
Yet as a rebel fronts "a king in state,"
I stand within her walls with not a shred
Of terror, malice, not a word of fear.
Squally I go into the days ahead,
And see her night and granite wonders there,
Beneath the touch of Time's uncaring hand,
Like precious treasures sinking in the sand.

2. Draw Conclusions What point is McKay trying to convey in the poem?

Other Writers and Poets

In addition to Langston Hughes, dozens of other gifted writers took part in the cultural explosion in Harlem. Among them was **Jamane Whitman Johnson**. In 1900 he wrote the song "Till Every Voice and Sing," which later became the official anthem of the NAACP, a political activist, Johnson helped organize anti-lynching activities for the NAACP and published the poem of the Great Bill. As a writer, Johnson is perhaps best known for his 1927 book of poetry, *God's Tremulous*, a collection of African American sermons written in verse. Some consider the collection to be among the finest works produced during the Harlem Renaissance.

Another writer of the period was **Claude McKay**. McKay was considered the spokesperson for the more militant group of young black writers. One of his most famous poems, "If We Must Die," deals with the violence of the summer of 1919. McKay was one of the first writers of the Harlem Renaissance to gain widespread acclaim. His 1924 best-selling novel, *Home to Harlem*, was the most successful novel by an African American writer up to that time.

Zora Neale Hurston was also a major contributor to the new literary movement in Harlem. Hurston's writing was deeply influenced by folklore, or traditional stories, sayings, and other art forms. Her interest in folklore led to the publication in 1935 of *Their Eyes Were Watching God*, a collection of African American oral traditions gathered during a study in Florida. Hurston also wrote plays, novels, and short stories. Her most famous novel, *Their Eyes Were Watching God*, explores the world of a young black woman in the early 1900s still facing the legacy of slavery and discrimination.

Hurston was not the only female writer to emerge during the Harlem Renaissance. As literary critic for *The Crisis*, Jessie Redmon Fauset not only helped promote the careers of writers such as Hughes and McKay, but was also a successful novelist herself. Nella Larsen was another celebrated Harlem writer. Like Hurston and Fauset, Larsen often focused on the lives of African American women.

The popularity of the writers of the Harlem Renaissance soon led to the spread of the literary movement beyond New York. Black writers across the nation were inspired to publish their own works. From Washington, D.C. to Nashville to Los Angeles, writers emerged to contribute to the revitalization of black culture that was taking place. As writers like Claude McKay and Langston Hughes translated the

4. **Interpret** What texts did writers of the Harlem Renaissance write?

Applying What You've Learned

Drawing Conclusions

Read the passage and answer the questions below.

The Harlem Renaissance was a period of great cultural achievement for African Americans. It was a time when black artists, writers, and musicians expressed their unique voices and experiences. This movement was a response to the long history of oppression and discrimination against black people in the United States. It was a time when black people began to see themselves as a distinct culture with its own traditions and values. The Harlem Renaissance was a time of great pride and self-discovery for black people. It was a time when they began to see themselves as a people with a future and a place in the world.

1. What was the Harlem Renaissance?

2. What was the purpose of the Harlem Renaissance?

3. What were some of the achievements of the Harlem Renaissance?

4. What was the impact of the Harlem Renaissance?

Applying What You've Learned provides students with many opportunities to demonstrate procedural knowledge as they apply their understanding of important events, issues, and people.

Building Social Studies Skills

Interpreting Visuals

Read the passage and answer the questions below.

HMH JUDICIAL INQUIRIES © 2018

Uncover the Connections

HMH Judicial Inquiries: Interactive Supreme Court Case Studies consists of 25 Supreme Court cases that help students learn about their basic rights and responsibilities.

Program Overview

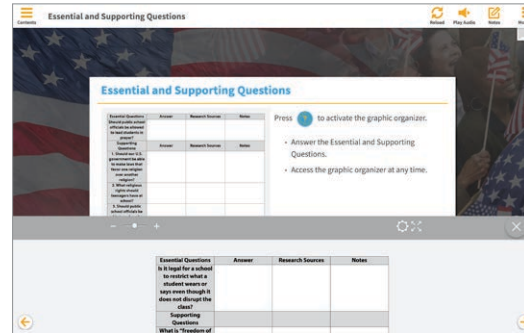

HMH Judicial Inquiries: Interactive Supreme Court Case Studies promotes critical viewing, source analysis, and writing about Supreme Court cases that impact teens. Each Case Study includes explanatory videos, activities, an interactive quiz, and the opportunity for students to write their own case brief based on what they learn.

For more information and an online preview, visit
hmhco.com/hmh-social-studies

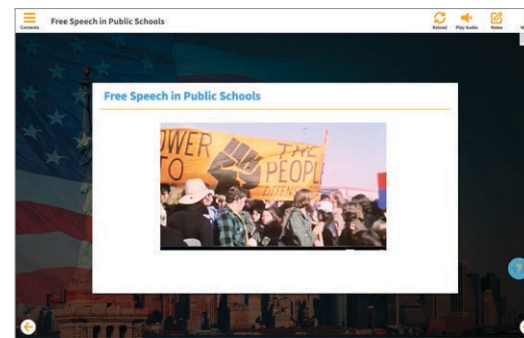

Real-Life Connections

At the beginning of each Case Study, students are prompted to answer questions to help them think about the case and its continuing impact on their lives. Students can revisit the graphic organizer at any time as they learn more and prepare to write their own case brief.

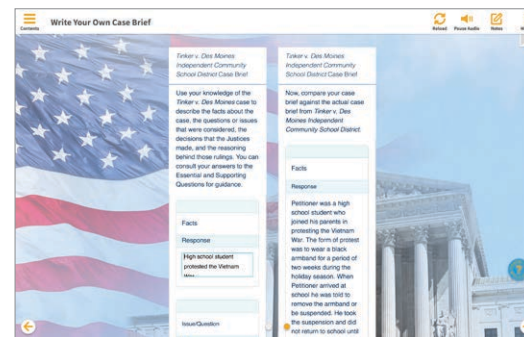

Engaging Content

Videos in each Case Study give a short history about the context and events that led to the case being brought to court. Additional videos give an in-depth look at the case itself, including the long-term impact of the decision.

Opportunities to Apply Knowledge

Each Case Study includes a variety of activities that test students' understanding and knowledge about what they have learned. Near the end of each Case Study, students have the opportunity to write their own case brief. Students can then compare what they've composed with the official case brief produced by the Supreme Court.

Uncover the Connections

Together, HMH and the Center for Civic Education are bringing education in civics and government to the forefront for 21st-century students. Through interactive digital products, students and teachers can access civics and government content anytime, anywhere.

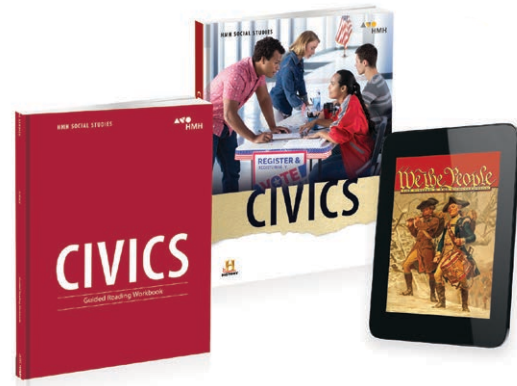

Program Overview

The *We the People: The Citizen & the Constitution* curriculum provides students with a course of instruction on the history and principles of our constitutional, representative democracy. Critical thinking exercises, problem-solving activities, and cooperative learning opportunities help develop students' intellectual and participatory skills and foster attitudes needed to participate as effective, responsible citizens. The *We the People* program culminates with a simulated congressional hearing in which students evaluate, take, and defend positions on relevant historical and contemporary issues.

Level 2 Bundle

The Center for Civic Education's *We the People* Level 2 eTextbook, bundled with *Civics* print and digital student editions and the Guided Reading Wordbook, provides secondary learners with rich civics content about government and active citizenship.

Level 3 Bundle

The Center for Civic Education's *We the People* Level 3 eTextbook, bundled with *United States Government* print and digital student editions and the Interactive Reader and Study Guide, provides high school students with rich civics content about the government and active citizenship.

Uncover the Connections

HMH Social Studies Civics fosters students' curiosity and cultivates their analytical skills to ensure success in college, career, and civic life.

Program Overview

HMH Social Studies Civics asks students to uncover the connections and inspires them to look beneath the surface—to identify relationships, note influences, and introduce ideas that challenge assumptions.

Making Connections

HMH Social Studies provides relevant content and resources to encourage “Aha!” moments in your classroom.

HISTORY videos bring content to life through primary source footage, dramatic storytelling, and expert testimonials.

HMH Current Events provides trustworthy articles on today's news to connect the classroom to current events.

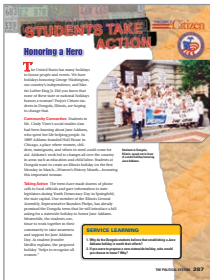

Promoting Inquiry and Active Learning

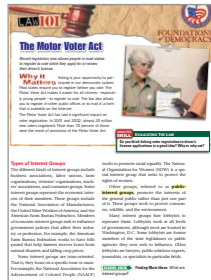

HMH Social Studies Civics offers the tools and support necessary to challenge students to learn through active inquiry and prepares them for college and career readiness.

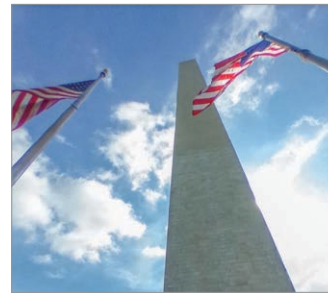

HMH Judicial Inquiries: Interactive Supreme Court Case Studies promotes critical viewing, source analysis, and writing about Supreme Court cases that impact teens.

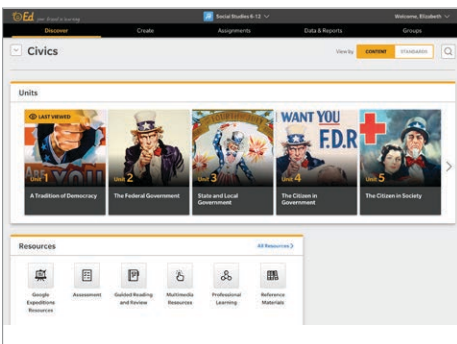

Students Take Action is dedicated to helping students become effective and responsible citizens by encouraging participation in state or local government.

Law 101 focuses on legal issues that affect everyday life and develops critical thinking skills.

Using *HMH Field Trips*, students are swept away into 3D, 360-degree experiences in fascinating locations that directly relate to social studies content.

Flexibility and Customization for Teachers

Ed: Your Friend in Learning is an intuitive, approachable environment that personalizes education. From the Dashboard, view a snapshot of the latest class activity with easy access to content, assignments, and data.

Customizable Assessments

You can customize prebuilt assessments or create your own assessments to assign to students.

HMH Professional Learning

Our comprehensive professional learning solutions for leaders, teachers, and families are data and evidence driven, mapped to your goals, centered on your students, and delivered by master educators.

Uncover the Connections

HMH Social Studies Economics fosters students' curiosity and cultivates their analytical skills to ensure success in college, career, and civic life.

Program Overview

HMH Social Studies Economics asks students to uncover the connections and inspires them to look beneath the surface—to identify relationships, note influences, and introduce ideas that challenge assumptions.

Making Connections

HMH Social Studies provides relevant content and resources to encourage “Aha!” moments in your classroom.

Animated Economics brings concepts to life with fully interactive charts, graphs, and step-by-step instructions.

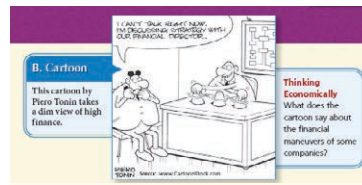

HMH Current Events provides trustworthy articles on today's news to connect the classroom to current events.

Promoting Inquiry and Active Learning

HMH Social Studies Economics offers the tools and support necessary to challenge students to approach economics through active inquiry and prepares them for college and career readiness.

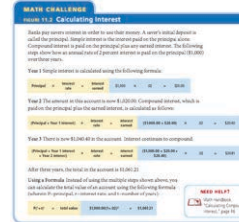

Economic Pacesetters are biographical sketches of important business leaders, economists, and modern-day entrepreneurs whose personal stories connect to students and illustrate various economic concepts in real life.

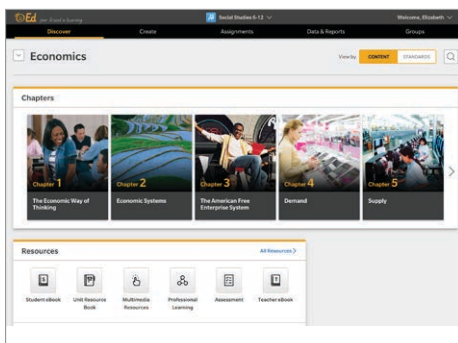

Case Studies in every chapter present real-world scenarios and high-interest topics that appeal to students of all ability levels.

Your Economic Choices poses questions with a key economic concept at their core but uses real-life situations and scenarios to which high school students can relate.

Math Challenges give students an opportunity to dive deeper into mathematical concepts found in economics.

Flexibility and Customization for Teachers

Ed: Your Friend in Learning is an intuitive, approachable environment that personalizes education. From the Dashboard, view a snapshot of the latest class activity with easy access to content, assignments, and data.

Customizable Assessments

You can customize prebuilt assessments or create your own assessments to assign to students.

HMH Professional Learning

Our comprehensive professional learning solutions for leaders, teachers, and families are data and evidence driven, mapped to your goals, centered on your students, and delivered by master educators.

Uncover the Connections

HMH Social Studies Psychology fosters students' curiosity and cultivates their analytical skills to ensure success in college, career, and civic life.

Program Overview

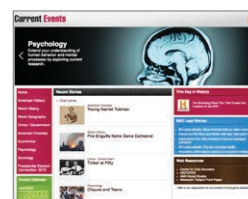

HMH Social Studies Psychology asks students to uncover the connections and inspires them to look beneath the surface—to identify relationships, note influences, and introduce ideas that challenge assumptions.

Making Connections

HMH Social Studies provides relevant content and resources to encourage “Aha!” moments in your classroom.

Psychology Close Up provides a lively, engaging anecdote or mini-case study about a particular person or phenomenon.

HMH Current Events provides trustworthy articles on today's news to connect the classroom to current events.

For more information and an online preview, visit
hmhco.com/hmh-social-studies

Promoting Inquiry and Active Learning

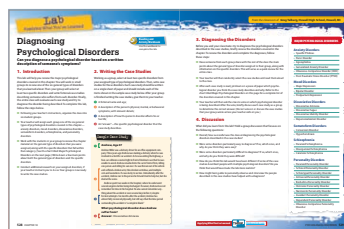

HMH Social Studies Psychology offers the tools and support necessary to challenge students to learn through active inquiry and prepares them for college and career readiness.

Cultural Diversity and Psychology emphasizes different cultural perspectives on topics in psychology.

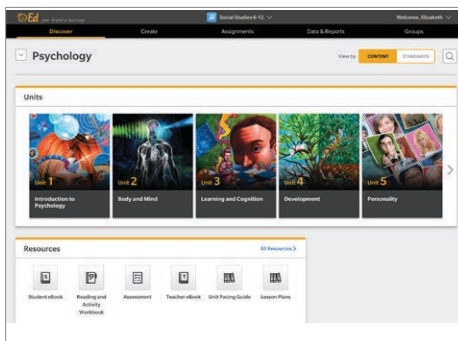

Case Studies illustrate the concept and provide contemporary examples that provide students with a relevant connection to what they are studying.

Applying What You've Learned (Simulations, Labs, and Experiments) explores topics in psychology in depth so students can actively apply their knowledge.

Current Research in Psychology reviews the cutting-edge psychological research being conducted today and the application of that research to daily life.

Flexibility and Customization for Teachers

Ed: Your Friend in Learning is an intuitive, approachable environment that personalizes education. From the Dashboard, view a snapshot of the latest class activity with easy access to content, assignments, and data.

Customizable Assessments

You can customize prebuilt assessments or create your own assessments to assign to students.

HMH Professional Learning

Our comprehensive professional learning solutions for leaders, teachers, and families are data and evidence driven, mapped to your goals, centered on your students, and delivered by master educators.

Uncover the Connections

HMH Social Studies Sociology fosters students' curiosity and cultivates their analytical skills to ensure success in college, career, and civic life.

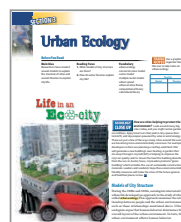

Program Overview

HMH Social Studies Sociology asks students to uncover the connections and inspires them to look beneath the surface—to identify relationships, note influences, and introduce ideas that challenge assumptions.

Making Connections

HMH Social Studies provides relevant content and resources to encourage “Aha!” moments in your classroom.

Sociology Close Up provides a lively, engaging anecdote or mini-case study about a particular person or phenomenon.

HMH Current Events provides trustworthy articles on today's news to connect the classroom to current events.

hmhco.com/hmh-social-studies

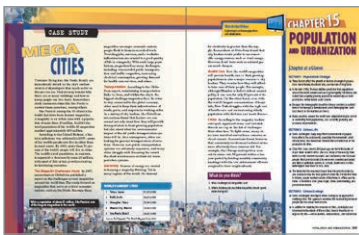

Promoting Inquiry and Active Learning

HMH Social Studies Sociology offers the tools and support necessary to challenge students to approach sociology through active inquiry and prepares them for college and career readiness.

Cultural Diversity and Sociology emphasizes different cultural perspectives on topics in sociology.

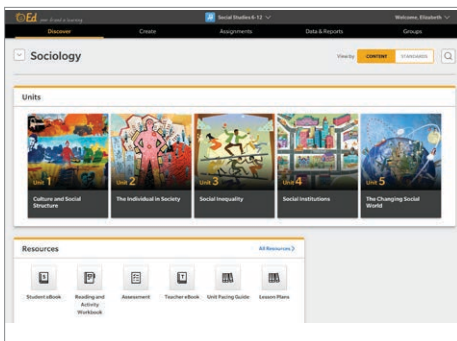

Case Studies illustrate the concept and provide contemporary examples that provide students with a relevant connection to what they are studying.

Applying What You've Learned (Simulations, Labs, and Experiments) explores topics in sociology in depth so students can actively apply their knowledge.

Current Research in Sociology reviews the cutting-edge research being conducted today and the application of that research to daily life.

Flexibility and Customization for Teachers

Ed: Your Friend in Learning is an intuitive, approachable environment that personalizes education. From the Dashboard, view a snapshot of the latest class activity with easy access to content, assignments, and data.

Customizable Assessments

You can customize prebuilt assessments or create your own assessments to assign to students.

HMH Professional Learning

Our comprehensive professional learning solutions for leaders, teachers, and families are data and evidence driven, mapped to your goals, centered on your students, and delivered by master educators.
